

Smokehouse Jones Guitars

Smokehouse Jones Guitars is Expanding!

Beginning August 1st, Smokehouse Jones Guitars has a much larger space at **The Cottage**, with room for more guitars and amplifiers, as well as new merchandise like t-shirts and coffee mugs with the Smokehouse Jones logo!

For over three years, I've kept a half-dozen guitars for sale at **The Cottage** boutique in Bethany, Oklahoma, right off Route 66. I build my guitars and amps in the corner of a tiny one-car garage, so this way people can see the guitars without breathing in pounds of sawdust! Over a hundred guitars have hung on the same end display.
