A Message from Our CEO

At Quantum Solar Systems, LLC, we are committed to building strong, transparent partnerships that create lasting value. Through collaboration and trust, we work closely with landowners and stakeholders to deliver sustainable solar solutions for the future.

RAFAEL RECOMETA

Our Mission and Vision

We are committed to advancing clean energy through trusted partnerships and responsible land development.

Mission

To build long-term, transparent solar partnerships with landowners by delivering sustainable energy solutions that create value for communities, partners, and the environment.

Vision

To become a trusted leader in solar energy development, empowering landowners and communities through innovative, responsible, and forward-thinking renewable energy projects.

Our Goals

Our goals reflect our commitment to building responsible solar partnerships that create long-term value for landowners and communities.

GOAL # 1 BUILD STRONG LANDOWNER PARTNERSHIPS

Establish transparent, long-term relationships with landowners by providing clear communication, fair opportunities, and dependable project support.

GOAL # 2 DELIVER SUSTAINABLE SOLAR SOLUTIONS

Develop solar projects that support clean energy growth while respecting land use, community needs, and environmental responsibility.

GOAL # 3 EXPAND RESPONSIBLY AND STRATEGICALLY

Grow our solar footprint through strategic partnerships, thoughtful planning, and scalable solutions that benefit all stakeholders.

Our Culture and Values

INNOVATION

We approach solar development with forward-thinking solutions, embracing innovation to deliver sustainable, efficient, and responsible energy projects.

COLLABORATION

We believe strong partnerships are built through open communication, shared goals, and mutual respect—working closely with landowners and stakeholders every step of the way.

INTEGRITY

We operate with honesty, transparency, and accountability, ensuring ethical practices and trust remain at the core of everything we do.

MEET OUR TEAM

Our strength lies in a focused, experienced team committed to collaboration, transparency, and long-term partnerships. Each member brings a unique skill set, working together to support landowners and advance sustainable solar development.

Focused on partnerships, landowner relations, and solar project development.

Serving landowners across the United States and internationally.

Our Offered Services

We provide end-to-end solar development support focused on landowner partnerships, project viability, and long-term value.

- **Solar Landowner Partnerships**
Identifying and securing suitable land through transparent, mutually beneficial agreements.
- **Site Evaluation & Feasibility Analysis**
Assessing land potential, location viability, and project readiness for solar development.
- **Solar Project Development Support**
Coordinating early-stage development activities to prepare projects for successful execution.
- **Strategic Partnerships & Outreach**
Building relationships with landowners, developers, and stakeholders in domestic and international markets.
- **Ongoing Communication & Project Coordination**
Providing consistent updates and support throughout the development process.
