Lee & Gaynor Williams, are a 'Husband and Wife' Photography Team in Cyprus, delivering a duo of unforgettable Wedding Memories! A fantastic service understanding their clients, putting them at ease capturing every perfect moment with their understated and talented photos. Covering Island Wide Weddings with 2 Professional Photographers, online private and secure download gallery to share with your friends and family with over 500 photos from the day of your dreams and a USB.

With being a Cyprus Wedding Photographer, I specialize in both Civil and Traditional Cyprus Weddings , covering Islandwide. Why do I love photography? Photos are a visual language of beautiful moments that have been frozen that can be lived again and again. My biggest reward in Photography is catching the soul, the emotion, the true beauty and the energy of the person I am photographing and being able to present it back to them to relive that moment.

"Give a man a camera to see his true character" taking photos is what I do great photography comes from great couples who express their love for each other, I just understand light, composition and capture those little one-time moments that are passionately expressed and I absolutely love it!! Mandy & Louis are visual storytellers with a passion for weddings and a great love for people. Authentic emotion, connections & moments inspire them and their goal is to tell your story by capturing moments that convey emotion and remind you, even for a second how you felt at the instant. Yes, their work is different. We capture the essence of who you are and the real moments of your day rather than unnatural and awkwardly posed images or video. We want you to be you. This is your day and it's all about you!

WEDDING DOVE RELEASE

Doves mate for life. They symbolize love, peace, unity, fidelity and remembrance. Releasing doves represents the married couple as they begin their life's new journey together. It symbolises the beginning of a journey of two lives working together towards the same goal: flying through life together. Our Doves are our pets and we love them very much. They are trained to return straight home after a release. They love to fly and when they are released at your special event, they are doing something that they really enjoy. We are proud to share their beauty with you and your guests.

WEDDING CELEBRANT

Wedding Celebrant

SYMBOLIC & PERSONALISED

What better way to celebrate your love than with a dream ceremony created just for you by a qualified, experienced celebrant?

Creating choices for you on the most exciting and special day of your life, I will work with you, using words which feel natural and comfortable for you, to create a bespoke celebration which reflects not only your love and your lives, but also your beliefs, values and personalities. A celebration which is meaningful, emotive, but most of all, fun.

A ceremony as individual as you are.

Your story, your vows, your promises, your words...your dream.

Cyprus offers the most amazing backdrops for your celebration; beaches, mountains, hotels, villas...there is an endless array of stunning locations to choose from. MELANIE BALLARD

Symbolic Celebrant

When you choose a celebrant, the amazing thing is that the ceremony is totally flexible and tailored to you. It isn't a set script that is impersonal and over in five minutes, your ceremony is about your love for one another and should be a celebration. Together we choose all the finer details and this can include readings, music and symbolic elements. Because they are so flexible and personal, celebrant led ceremonies are becoming more and more popular and you can have them pretty much anywhere, In Cyprus our locations are amazing from beaches, to rustic buildings, yachts and more

I am a young and modern celebrant who will bring you a ceremony to remember. There is no time limit to your ceremony, it's your special moment and my script will reflect that! I encourage you to pick exactly what you want for your big day and with my experience of working with the local venues, planners and suppliers you are gaining my wealth of experience. You can choose which package you want to include singing/music or a straightforward traditional ceremony, it's all about choice and the choice is yours
