

# Tristan McCLELLAND

— *for* —  
STATE REPRESENTATIVE

Endorsed by the PA AFL-CIO

“The new 33rd District has a high concentration of union members and its voter performance is a complete statistical toss-up. In order for Democrats to win back this seat, we need a strong candidate who understands working families and their issues. There is no doubt that Tristan McClelland is the right candidate to win this race in November.”

*-Darrin Kelly, President  
Allegheny Central Labor Council*

## **What Tristan has done:**

Tristan McClelland was born and raised in the Alle-Kiski Valley. He has served the community working for County Treasurer John Weinstein, Representative Frank Dermody, and the Armstrong County Public Defenders' Office. He currently serves as a Constituent Services Aid for Pittsburgh City Councilman Anthony Coghill. Through this work, he has learned that the most important function for any elected official is listening to your constituents and supporting their needs and their communities.

Tristan is running because his extensive work in service to the community can help build a new vision and a bright future for all of us in the A-K Valley.

## **What Tristan will do:**

- Fight to keep our jobs here in Western PA,
- Work for public education by supporting more equitable funding so schools like ours aren't left behind,
- Support our local infrastructure, funding repair of our roads and bridges,
- Fight to increase access to mental health and addiction treatment in the valley,
- Commit to clean up the NUMEC nuclear waste site and prevent waste water injection in our communities.

**VOTE on May 17 to  
elect Tristan McClelland  
as your State Representative.**
