

Woodland Lakes Request for Service

Effective 6/5/2020

1. Application for new electrical service SHALL only be approved and processed by Crawford Electric Cooperative
2. Applicant SHALL follow all Crawford Electric Line Extension Policies
3. Crawford Electric SHALL supply and install all poles, wire, & metering equipment needed for service
4. Applicant is required to excavate their own trench See Secondary Trench Details
5. No Crawford Electric equipment will be installed on any applicant owned wire or equipment. See Line Extension Policies
6. Woodland Lakes retains ownership and maintenance responsibilities on all services installed prior to 6/8/2020
7. If replacements or revisions need to be made to an existing service, the member shall contact CEC Engineering department for an estimate. Once construction is complete CEC takes ownership & maintenance responsibilities of the newly installed equipment & material.
8. Crawford Electric reserves the right to refuse installation or service if conditions are not met
