

FINS TO FEATHERS
Outfitters

Fins to Feathers Outfitters *Upland Game Participant Agreement*

At Fins to Feathers, our goal was to create a Game Preserve that resembles that of the Northern Plains, where the pheasants and quail thrive and live in the ditches, brushy meadows and woodland edges of the farmland. When you come out for your hunt, there will be more upland game on the preserve than what you have purchased in your hunt package. Please be mindful and work with your Guide as you hunt to stay within your limit.

1. All Fins to Feathers, Rules, Regulations and Reservations apply.
2. All Local, Kentucky (State) and/or Tennessee (State) and Federal laws apply.
3. Each participant is responsible for, always, the handling of his or her firearm. If a Hunting Incident occurs and a Bird Dog is injured by the Participants actions, the participant is financially responsible for the medical treatment, care and housing of the animal.
4. Any participant that shoots over their purchased limit is responsible for the cost of the birds, with exception to "Full Day Unlimited Mixed Pheasants and Quail".
5. All Hunts at Fins to Feathers are Guided Hunts. Fins to Feathers does not offer self-guided hunts. If you are planning on using your own bird dog, our Guide will still accompany the hunt.
