MORE THAN ENOUGH

Not seeing but still believing.
Not feeling but still hoping.
Trusting that rivers in the desert
and roadways in the wilderness
will become evident once this present fog
lifts with the rising sun.

(see Isaiah 43:18-19)

EDGE

So, you are yet again on the edge
of living flat out
and you don't want to fall?
No edge, no flying!

Acrylic, 2009

FREEDOM

Take no prisoners.
None.
Not even yourself.
Let all go free.
Release all with loving kindness.
Give to yourself what you wish
from others.
Let all be done in love.

SEASONS OF LIFE

Honor your own seasons,
your times to needing more rest,
more exercise, more silence,
and know
that it is because of that honored
time,
your garden will bear healthy,
bountiful crops
for many, many years.

THE STONE IS ROLLED AWAY

There's a quickening I feel.
It's the time of the In-Between.
I can almost feel its edge,
where I will meet my next chapter
and be surprised by the new life
yet to experience.

REST, BELOVED

Trust Me, love.
You will not be disappointed.
You are My Beloved.
Let Me love you.
Choose intimacy with Me and watch
as all of Heaven rejoices in showering you
with more than you ever dreamed of.
Come away with Me, My Beloved.
Rest in My Arms.
Let Me hold you.
Resist nothing.
I AM Safe.
You are safe in My Arms.

ANOINTED

It is time now to step into your
authenticity. Take this mantle.
Wear it. Feel it. See it.
Every step you take helps to
awaken the world.
As you slough off the weight of
your past and choose joy, the
answers will come.
Simply by saying YES you allow
all good things to flow freely to
you and through you.
Treat yourself with respect and
tender loving care.

AND STILL I RISE

Smoke not yet cleared,
Feathers still afloat,
A whisper emerges from the ashes:
"And still I rise."

Acrylic, 2009

IN THE FLOW

Receiving My Love and passing it on
happens as a natural flow when
you're connected to your own truth
and are pursuing it.
Go forth.
Nothing to fear.
Life need not be anything but joyful
if you so choose.

Acrylic, 2009

SO MUCH MORE

Dare to believe Me for good,
for something beyond anything
you've ever experienced before.

FORGIVEN

Washed of all fear
 Wrapped in a warm blanket of forgiveness
 Held in the Arms of Love
 Close enough to hear Its Heartbeat
 Until I remember once again
 Who I really am.

A NEW SONG

Having risen yet again,
 the phoenix with feet extended
 dances on its tail feathers
 to the beat of a new song.

I CHOOSE PEACE

What would help you move forward gently,
steadily?
What would be easy for you to do?
Baby steps, love, baby steps.
This is sacred movement.
No hurry.
One tiny, loving step at a time.
All is well.
Trust Me--moment by moment.
Go into laughter, and she will release you.
You ARE moving forward.
You CAN do all things, dear. ALL things.
Listen carefully.
No assumptions.
What do you hear calling you?

I CHOOSE LIFE

The Truth I want you to know
today is that your Authentic
Power is very good.
It is healing and transformative,
for yourself and others.
The world needs your strength to
remember its own.
The world needs your clarity to
see its own truth.
The world needs your loving
embrace to release
all illusions of isolation and sepa-
ratism.

WASH ME

First, anointing.
Then a breath of time
before external changes appear.
Patience, love.
I AM here with you.
Remember the washing of your fears,
The warm blanket of forgiveness.
I AM indeed holding you.
Feel the energy of My Love surrounding you.

Acrylic, 2009

EVEN SO

I love you, sweetheart.
Dare to BE with Me.
Listen for My Voice.
Don't run away.
Let Me hold you.
You are perfect to me:
uniquely you, completely comprehensible,
clear, and wonderful.
Let Me be your security.
I gave you your heart's desires--n
ot to tease you--
so that you may experience abundant life.

I CHOOSE LOVE

No longer waiting,
I embrace the fullness of love that permeates
my cells
and flows so effortlessly as to erase
any point of origin.
I now choose to be washed clean
by the tides of deep affection
as I learn to give and receive
the love that is me.

Acrylic, 2009

COME FIND ME LOVE

No longer grasping in the empty air,
No longer fainting from unfulfilled desire,
I now wait quietly in this sacred silence,
Profoundly aware of the nearness of Love.

STANDING TALL

Volcanic ash raining down,
demise seems on its way.
We stand tall
not knowing what else to do.
The consuming heat heralds lava's onslaught. And still we
stand tall.

Licking at the boundaries of our garden,
the lava mysteriously parts before us
and branches off to either side.
We watch in silence as we stand tall.
Once the lava stops and cools,
all about is solid, black, covered--
except for our little garden
whose boundary are simple rocks
laid with conscious intention and
long-marinated in prayer.

***Life-defying threats matter-of-factly concede to the
Power that lies within us.***

AWAKE MY SOUL

The passion of one soul
lies dormant under the earth plates of the heart
still alive even if undetected from a distance.
Until one day an irrevocable Something shifts
waking this passion out of its slumber.
To the surprise of the world and even itself,
molten life bubbles forth
filling the sky with music
and more color than ever before.
Awake my soul and sing!

Acrylic, 2009

GO GENTLY

Go gently into this world, My Love.
 You are finding new strength, new direction.
 Like Lazarus, you have come forth.
 I see you strong, grounded, purposeful,
 focused, loving and playful,
 an integral part of All That Is.
 The dance has begun—
 the same dance that has always been
 and will forever be.
 Let the music fill your heart, your lungs,
 and be always on your tongue.

Acrylic, 2009

LOVE IN COLOR

You are moving through tremendous wa-
 ters here—
 into the delight of your own becoming.
 Through playful stillness,
 you inhabit your own skin
 with love and tenderness,
 and experience the reality that All is Well.
 And so it is.

Acrylic, 2009

DANCING IN THE WIND

There is magic in the air.
 It has always been there,
 available to anyone who sits still enough to notice.
 There is no need for drama as you discover how
 delicious life really is in its most basic essence.
 You are whole.
 You are complete.
We are One.

Acrylic, 2009

ONCE UPON A PALM

All is well, dear one.
 I AM here.
 Feel the warmth of My Breath.
 Relax into My Arms.
 You are My Beloved.
 You can do all things, love.
 All things.
 For now, rest.
 Here in My Arms.
 Allow yourself to bask in My Power.
 My Gentleness, My Kindness, My Enduring Love,
 My Steady Gaze into your soul.
 My Joy at being here with you.
 I SEE you.
 I have never forgotten you.
 Rest with Me often.
 Know that all is well.

WINDING ROAD

Be present now
...and now
...and now.
Stay.
Stay present.
Speak from THAT place,
the QUIET PLACE.
It will be loving.
Slow to speak,
slow to anger,
slow to react.
Listen.
Listen.
Listen to Me.
Listen to others.
Hear what they aren't saying.

Acrylic, 2009

DIDI

In all that we open our hearts to know,
may we experience being
surrounded by Light,
protected by Love.

Acrylic, 2009

WISTERIA

Hide away with Me
among the wisteria blossoms
soft, fragrant petals
caressing our cheeks
light cascading through
as we sit together on sturdy vines,
well-rooted,
determined to cling to that which nourishes.
All is well, My Beloved.

Acrylic, 2009

BLOWIN' IN THE WIND

Strong winds
soft winds
all the same.
Soft currents,
whispers of Love in the air;
sea oats blowing
bending toward the Light
always moving
dancing in the air.
Sand and sky meet in Your Arms.
All is well.
