COMBUSTION SERVICE ENGINEER

**JOB TITLE:** COMBUSTION SERVICE ENGINEERS  
**REPORTING TO:** SERVICE DELIVERY MANAGER  
**LOCATION:** CUSTOMER SITES NATIONALLY

## The Company

JBC is the UK's largest and leading industrial boiler and burner service and maintenance provider, predominantly operating within the industrial sector. We offer an untouchable service 24 hours a day, 365 days a year. Giving clients peace of mind by being available and on site quickly, being technically excellent, and by providing high quality service and maintenance activities. From routine service and breakdown support, annual insurance, NDT inspections through to burner upgrades, welding repairs and even boiler replacements; JBC promises to provide customers with solutions that drive a cost effective, efficient plant room, that comes with reduced emissions. Serving the length and breadth of the UK, JBC operate across the Pharmaceutical, Automotive, Food and Drink sector, and many more. We invest in our people, the latest equipment and technology, and continuously educate ourselves on any new trends, legislation and standards within the industry. Founded and based in West Yorkshire, and sitting in the Top 100 Wakefield Businesses, JBC are the industries trusted partner.

## Key Responsibilities

- Servicing and maintaining industrial multi-fuel burners
- Responding to emergency breakdowns, diagnosing faults, and carrying out repairs
