## Adoption/Foster Application

---

*Please fill out this application as completely as possible and submit it to the email address above. Our adoption fees are determined by the costs of preparing our dogs for adoption (vet examination, spay/neuter, tattoo/microchip, vaccinations, teeth cleaning, if necessary, de-worming etc.) and includes a martingale collar, a leash, a tag collar, and a kennel muzzle. These are determined based upon each dogs needs and are variable.*

*The **Adoption/Foster Application** is not an agreement to adopt a dog. More questions may follow, plus an interview, vet reference check, and possibly a home check – but this will get us started. We will use your answers as a starting point to work with you to determine, first, whether a Greyhound is really what you're looking for. If it is, we will also be able to help you select a pet who will fit in well with your lifestyle and expectations. Some individuals may find this process a bit intrusive, but we have found that thorough evaluation of our dogs and of prospective adopters helps to ensure that our placements are successful and permanent.*
