In Southwestern Oregon you
will find a diverse landscape of forests, mountains,
farms and beaches. Here you will find rivers, lakes
and a few reservoirs. The state's southwestern
portion, particularly the Rogue Valley, has a medi-
terranean climate with drier and sunnier winters
for winter riders, and hotter summers similar to
Northern California. Visitors will be amazed by this
fantastic corner of Oregon that includes wonder-
ful towns from Cottage Grove to Ashland, Crater
Lake National Park, and Diamond Lake. From it's
headwaters of Crater Lake the Rogue River flows
through deep forests and along ranchlands to its
mouth at Gold Creek on the Southern Oregon
Coast. Along the way, it delights a lot of off-road
and highway riders! Ride the Cascade Lakes Hwy.
and follow along the renowned Deschutes River.
See a dozen lakes, as well as many noteworthy
geological formations hewn by glacial and volca-
nic activity. Riders will find a bounty of excellent
campgrounds and lodging, as well as some real
treats at restaurants that are eager to greet rid-
ers. Don't forget to ride US-199 South through the
Redwoods and back up the US-101 along the Ore-
gon Coast. While riding along the majestic North
Umpqua River you will find water falls, hot springs
and luscious mountains to be enjoyed by all.
We recommend you check ahead for weather
and road conditions, and confirm ahead of time
any events you plan to attend.
Come ride, visit and we hope you'll come again.
