Southeastern Idaho has lots of high desert terrain for the dual sport riders, as well as long isolated paved roads for the high-way riders. Don't forget, that wildlife abounds in Idaho and Wyoming's back country. The area abounds with history, and spectacular scenery, from Yellowstone National Park to the lava flow in Craters of the Moon National Monument. There is truly something for everyone.

In these remote areas, even on paved roads have a care to carry lots of water and fuel and check ahead for weather and road conditions. The high desert can be very unforgiving and distance is deceiving in the clear desert and mountain air. Some of the passes rise to close to 9,000 ft.

Watch for wildlife, including deer, antelope, jack rabbits, wolves, buffalo, elk and moose. Be careful of possible contact with rattle snakes. Come ride, visit and we hope you'll come again. Remember to ride safely!
