**Southeast Idaho/Western Wyoming**  
(Including SW Montana & NW Utah)

Southeastern Oregon has lots of high desert terrain for the dual sport riders, as well as long isolated paved roads for the highway riders. Don't forget, that wildlife abounds in Oregon's back country. The area abounds with history, from the Oregon and California trails to the goldfields, there is truly something for everyone. In these remote areas, even on paved roads, have a care to carry lots of water and fuel and check ahead for weather and road conditions. The high desert can be very unforgiving and distance is deceiving in the clear desert and mountain air. The Christmas Valley Sand Dunes along with Hole In The Ground and Crack In The Ground are worth the visit for dual sport riders. The hot springs are good places to visit and have places to camp. Watch for wildlife, including deer, antelope, jack rabbits, coyotes and wild horses and be careful of possible contact with rattle snakes. Come ride, visit and we hope you'll come again. Remember to ride safely!
