In Southwestern Oregon you will find a diverse landscape of forests, mountains, farms and beaches. Here you will find rivers, lakes and a few reservoirs. The state's southwestern portion, particularly the Rogue Valley, has a mediterranean climate with drier and sunnier winters for winter riders, and hotter summers similar to Northern California. Visitors will be amazed by this fantastic corner of Oregon that includes wonderful towns from Cottage Grove to Ashland, Crater Lake National Park, and Diamond Lake. From it's headwaters of Crater Lake the Rogue River flows through deep forests and along ranchlands to its mouth at Gold Creek on the Southern Oregon Coast. Along the way, it delights a lot of off-road and highway riders! Ride the Cascade Lakes Hwy. and follow along the renowned Deschutes River. See a dozen lakes, as well as many noteworthy geological formations heven by glacial and volcanic activity. Riders will find a bounty of excellent campgrounds and lodging, as well as some real treats at restaurants that are eager to great riders. Don't forget to ride US-199 South through the Redwoods and back up the US-101 along the Oregon Coast. While riding along the majestic North Umpqua River you will find water falls, hot springs and luscious mountains to be enjoyed by all.

We recommend you check ahead for weather and road conditions, and confirm ahead of time any events you plan to attend.

Come ride, visit and we hope you'll come again. Remember to ride safely!
