

# FOUR THRONES

## Four Thrones' Grand Rite - May 2021 / Revolution II

*"Establish & Maintain Superabundance in Attractive and Pleasing Physical Beauty"*

Do not confuse the peripheral architecture of this Grand Rite with that of a mere glamour spell. A hallmark of any Four Thrones working is that each one is a multilayered, strategically engineered ritual of the highest caliber. A glamour spell itself, is a cloak of deception that dissipates over time.

Glamour workings naturally have their proper place in the arsenal of any practitioner worth their salt, but these Grand Rites carry a foundational necessity with strong interlocking roots that constructively complement and reinforce the many essential facets of successful ascent.

This Grand Rite is designed to either initiate for you, or increasingly maintain certain select components and unique qualities that collectively define **You** as a physically **Attractive Individual**. The unseen support structure for the manifestation of this is indeed vast! The trajectory of raw influence from these Four Towers will take unique aim in many different forms... but can primarily be observed **Internally** - in applications within the many layers of Self, and **Externally** - in the various situations within your world around you. Their influence will begin to subtly affect you psychologically (Self perspective-wise, dominoing into decisions you make that are not only healthy for you, but are complementary to you being the Most Beautiful and Attractive version of YOU possible). Physiologically, this could be the expression of certain genes, or new algorithms in how your body communicates and behaves at the cellular level. In the schematic of situations around you, their influence could manifest in how people positively perceive your appearance, their expression of which, will also positively feed back into the loop of what is also conducive to it.

As time goes on, it won't be *one* thing about you... one behavior you've changed, or something that you've done to yourself... it will be the culmination of **big decisions**, such as an opportunity for a certain cosmetic procedure, and **micro-decisions**, such as drinking more water on a daily basis, not smoking that cigarette, or taking a new course in an approach to make-up or body sculpting.

The unique influences from AZAZEL, AMAYMON, BELIAL, and ABADDON encompass every angle, seen and unseen. As you join their aligning efforts and meet them at the crossroads of your own exaltation, you will find yourself quietly reveling in your own reflection... year after year.

**SECURITY ♦ OPPORTUNITY ♦ ADVANTAGE**

**For those whose aspirations are truly *Nothing Short of the Highest!***
