April 22, 2020

To our First Communion Parents,

At the beginning of our Religious Education year we developed a schedule to ensure when the day for our children's First Communion arrived, they would be prepared - knowing Jesus' love and His presence in the Eucharist.

Our goals were being met as we saw our children receive the Sacrament of Reconciliation and start the final preparation to receive Jesus in the Eucharist.

None of us ever imagined we would wake up one day and all dates on our calendar be postponed. We know the disappointment you felt, because we felt it as well, when we realized that to keep everyone safe and to abide by our Bishop's regulations, we would be unable to meet our original First Communion date.

However, we are looking toward a new date with much thanksgiving and excitement. As soon as we have these changes finalized, we will let you know.

Your child will have a First Communion and it will be special and wonderful! Until then, pray with your children and be assured of our prayers for them.

Sincerely,

Carla Keith, DRE
