

What If?

By dl Andrews September 20, 2020

As we make boolean searches on words and phrases in italics—the Bible and our Father God Himself will open up to us in a fascinating new scientific light, and we will enjoy a most exhilarating ride thru the Word that has come down to us, even while much ‘*prisca truth has been lost in translation.*’ [Isaac Newton quote]. We must think of God as being the quintessence of scientists, who created Adam as ‘*son of God;*’ and search the Scriptures with ‘*key words.*’ Ex: ‘*son of God*’ Luke 3:38. And ask ourselves *If I were the parent with this power and knowledge, What would I prepare for them?*

1. What if ways to ‘find’ the knowledge and wisdom of God and His ‘works’ for our universe were infinitesimal, or ‘past finding out.’?
2. What if the Garden of Eden was located within another dimension of our universe—to which any one of Earth’s Ages, in becoming decadent—could be ‘folded up and changed’?
3. What if Adam and Eve lived in the Garden of Eden for centuries - enjoying friendship with God, and ‘dressing it’ with divine inventions—while overcoming the desire for ‘knowledge of good and evil’?
4. What if Adam and Eve ‘multiplied and filled the earth’ with ‘sons of God,’ ‘watchers,’ ‘angels’—as The Lord God had instructed them? And what if the ‘grays’ are actually terrestrials?
5. What if trees of ‘Life’ and ‘Knowledge of Good and Evil’ were kiosks with information and touch/thought-screens—having power to conform the seeker into the image they desired? (perhaps limited to one ‘line’ or ‘string’ at a time or sitting?)
6. What if consuming ‘knowledge of ‘good and evil’ triggered the ‘Higgs boson particle’ of Adam’s and Eve’s cells—to create within their beings a different type of physical substance with organs which demanded the feature ‘blood’ so they may experience ‘evil’ as well as ‘good?’
7. What if the change in Adam’s and Eve’s physical bodies to include the feature ‘blood’ is the only reason for the necessity of a blood sacrifice?
8. What if The Lord God set the ‘world’ in men’s hearts so that no man can find out ‘the work that God maketh from the beginning to the end?’
9. What if the ‘coats of skin’ with which God covered Adam and Eve—were uniforms they could wear as protection; for Adam and Eve—still retaining the knowledge of the Garden—no longer had the tools necessary for making such things. How could this omniscient Father throw upon His children a shabby pelt with one opening for their head?
10. What if Adam and Eve had ‘dressed the garden’ with humanoid robots that helped them in their work of ‘multiplying’ and ‘replenishing the earth’ with ‘sons of God’?

11. What if the 'Prince of Tyrus' was the ultimate humanoid robot created in the Garden of Eden, with 'covering' of all kinds of precious jewels and made of a substance that was impervious to the extent he could 'walk up and down in the coals of fire' even?
12. What if—when Adam and Eve left the Garden of Eden—The Lord God 'set' the robot mentioned above—as a 'covering cherub' for Adam and Eve? And allowed him to go back and forth into the Garden, for as yet he did not have evil programmed into him until—as Prince of Tyrus—'merchants of the earth' programmed into him all kinds of wicked 'merchandise' and information.
13. What if the 'watchers' have been 'walking up and down' in the earth forever—patrolling and handing information to the higher order of angels? And men today are calling them extraterrestrials and UFOs?
14. What if only some of the 'watchers' left their 'first estate' to be like humanity had become - with the fall of Adam and Eve? And there were thousands that did not, but continued coming before God upon occasions as said Job, and made 'decrees' to men as they did to King 'Belteshazzar,' and as King David reported—being the 'thousands of angels' that manned His 'twenty thousand' ships/chariots?
15. What if King Solomon's statements were true "That which has been is now, and that which is to come has already been: and God requireth that which is past" and "Is there any thing whereof it may be said, See—this is new? It hath been already of old time, which was before us."
16. What if the wagons (Hebrew dictionary #5696 - revolving, round, circular) King Djoser told Joseph to take 'out of the land of Egypt' for bringing his family from Canaan—were vimanas?
17. What if, when the Tribes of Israel 'came up out of the land of Egypt' and crossed the Red Sea—there was a highway already built there, just like there would be at the end of the Age of the Israelite—a 'highway for the remnant of his people?'
18. What if the forming of a nation and a new race of people with rules and regulations, backed by blessings or curses—was for the sole purpose of keeping a people 'strong' enough in body, mind and spirit: 'the vineyard of His right hand'—to someday, in the fulness of time—bring forth the 'man of His right hand: 'the Son' who He 'made strong for Himself'?
19. What if, since the fall of the 'first father,' God was always 'seeking a seed'? And what if 'the Law and the Prophets,' lasted only 'until John' the Baptist and there was no longer need for the Israelite and keeping the race so pure?
20. What if their omniscient Father God had 'caused men to ride over their (our) heads' in the Israelites' 'wilderness experience' after leaving Egypt, as King David wrote in a psalm?
21. What if the men 'riding over their heads' were the Tribe of Dan (meaning 'judge'), whose leader was Aholiab, one of two men God chose to fill with His Spirit—in 'wisdom, and in understanding, and in knowledge, and in all manner of workmanship?'

22. What if Aholiab had become tired of waiting for 'the salvation of The Lord' to give them a way to 'judge Israel as a tribe (after all—Dan's position was the 'caboose' while traveling),' and diligently waited 'by the way'—for sighting one of the watcher's ships; had disabled it somehow—causing the rider to 'fall backward'—then used his ship to be able to judge Israel from above?
23. What if the 'strangers' of some Old Testament references—traveling with the Israelites—were aliens who looked like them, but had knowledge of metaphysical powers perhaps to make trash and human excrement disappear and traded their services to the Israelites—even for their inheritances?
24. What if 'those who rode white asses' in Judge Deborah's account of a Battle with Philistine King Jabin—were the tribe of Dan doing their part by broadcasting testimonies of past triumphs to a group of Israelites at the watering-holes where the enemy was shooting arrows at them—frightening the enemy away and convincing their neighbors to go back and 'claim the gates of their cities' after living scared in caves for twenty years? And in her song of triumph she said "Why is Dan always in ships?"
25. What if—in that same battle—the 'stars who fought from heaven' in their courses—were the Canaanite kings who were intent upon the demise of Jabin's Commander Sisera—'taking no gain of money?'
26. What if King Solomon's bringing 'chariots out of Egypt' for himself and neighboring kings 'by their means' (See Hebrew definition for 'horses' and 'chariots' and 'means' in that story)—was referring to spaceships and motherships? And could it be true that kings of nations were the only ones in those ancient times—who were allowed to have them?
27. What if King Solomon's 'throne' which was unlike that of any other king—was in fact, a helicopter? By Hebrew definitions could the 'round top' that revolved—be helicopter blades? The lions be engines and the 'stays' be gear-shift sticks?
28. What if the Queen of Sheba was given one of these 'thrones' for her trip back to Ethiopia?
29. *What if King Solomon, the wisest man to live—classified the plant and animal kingdoms so that he spoke of trees—'from the cedar tree that is in Lebanon even unto the hyssop that springeth out of the wall;' 'also of beasts, and of fowl, and of creeping things, and of fishes;' And people came from all kings of the earth to hear the wisdom of Solomon?*
30. *What if Jeremiah's report regarding who made the 'signs and wonders of Egypt' and in Israel (Lebanon) and to other men, to make for Himself a Name—were true?*
31. *What if God, determined to have everyone in the world during the 0070 Siege of Jerusalem—decided to give, in person—technical information that would enable his enemies to come 'swiftly, with speed' from the ends of the earth to Jerusalem—and commissioned His only begotten Son Jesus - to relay the information to learned men of the earth so they could not say, "Mine idol hath done them, and my graven image and my molten image hath commanded them?"*

32. What if the 5 or 6 days Jesus spent in the Temple being 'about His Father's business' was in fact the fulfillment of Isaiah's prophecy "I have shewed thee new things from this time; even hidden things, and thou didst not know them; they are created now, and not from the beginning; even before the day when you heard them not; lest you should say, 'Behold, I knew them?'"
33. What if, when Christ died and a soldier stuck a spear in His side and out gushed blood and water—and there was an earthquake that rent the rock beneath His cross—what if His blood did leak through the broken rock and onto the Mercy seat of the Ark of the Covenant which Jeremiah may have hidden in a cave beneath Golgotha's hill before Jerusalem burned in his day? and What if this could be fulfillment of King David's song: 'Mercy and truth are met together; righteousness and peace have kissed each other'?
34. What if the blood that Christ shed while dying—was for the sins of the whole world; 'sins that are past,' sins for the present of His day and for all time in the future of the world?
35. What if The Lord Jesus/Yhsw'h's blood is still flowing in our day. in the akasha surrounding us where radio-waves flow and are waiting to be harnessed;
36. What if the blood of Jesus/Yhsw'h the Christ will, upon our confession and repentance—erase forever from the akasha—any thought, intent, desire or deed—of which we are ashamed and repentant-of?
37. What if the only way into Jesus/Yhsw'h's sheepfold is by believing in His name as Son of God and accepting His blood-sacrifice to redeem us from the curse of our first-father's sin?
38. What if the only way into the Kingdom of God is by using the keys to the Kingdom given to Peter by Jesus/Yhsw'h before He went back to the Father? And, What if those 'keys to the kingdom' are Peter's instructions in the second chapter of Bible book The Acts of the Apostles?
39. What if it were really true—Jesus/Yhsw'h is like a vine and His Father is the 'vine-dresser'—that if we 'abide in the vine' we can 'ask what we will' and it will be done for us? And What about: 'if the same Spirit that raised Christ from the dead—dwell in us—it will quicken and keep our mortal bodies healthy'?
40. What if, when the Roman Emperor had his emblems set-up in the Temple of Jerusalem—occupants of their cities fled to the mountains as Jesus instructed them?
41. What if the above event was fulfillment of Hosea's prophecy, that The Lord would 'allure her' into the wilderness and give her the 'valley of Achor for a door of hope' and 'speak comfortingly to her' confirming the New Covenant for seven years?
42. What if it were in the middle of the Last week (period of seven years) of the Last Days of the Israelite—that Jesus appeared to the priests in the Temple, as told by Malachi; had it out with them and sanctified them—causing their sacrifices and oblations to cease? and

43. What if it were this same time the 'man child' (Jesus' close followers and overcomers)—were 'caught up unto God and to His throne'; then later stood with Him on the Mount as part of the 144 thousand redeemed from the earth?
44. What if it were that same Last week, that Jesus appeared to His followers in the wilderness nearby the Dead Sea as the 'Righteous Teacher and confirmed the New Covenant with them for seven years?
45. What if Moab's 'heifer of three years old' was a small three-tiered airship to which they fled—'mounting up' and taking them to 'Horonaim'—an underground city where they hid while God would 'shake' the earth once and turn it 'upside-down'?
46. What if Zechariah's vision in chapter one: 8-12 transpired immediately after God 'stood and measured the earth,' shook it, and turned it 'upside-down' while people were securely hiding in caves and dens of the earth - after the 0070 Siege of Jerusalem; and the 'horses were the 'watchers' whose mission was to patrol the earth and report to the angels? and What if those threescore and ten years were the years beginning from Jesus' birth till that time, for it was during forty of those years He turned His back on Judah also (after they ordered Him to be crucified)—visualized by Ezekiel lying on his right side only 40 days (years) for the sins of the house of Judah (See my novel *His Story ≈ History*, pages 181 and 185.)?
47. What if Roman Emperor Vespasian was the 'rod in the hand of The Lord' and his 'god of forces' were radiation weapons and what if he really did gather all people of every land on Earth—killing all the old, small children and sickly; keeping only those he could use as servants and warriors—gathering all the earth 'as one gathereth eggs that are left'—leaving not even one, 'that moved the wing, opened the mouth or peeped'?
48. What if the 'Mountain of the House of The Lord' really did come 'down from God out of heaven,' was 'established in the tops of the mountains' at Jerusalem—exalted above the hills, and 'all men flowed into it'?
49. What if it were really true: that during the First Dominion of Messiah—the reason we see statues of gods and goddesses still being made—was because of Micah's prophecy "all people will walk every one in the name of his god, and we will walk in the name of The Lord our God for ever and ever"?
50. What if Micah's prophecy "Wonder marvelously: for I will work a work in your days, which you will not believe, though it be told you"—happened while men of the earth were hiding in caves and dens of the earth; also, Isaiah's: 'Thine heart shall meditate terror. Where is the scribe? where is the receiver? where is he that counted the towers'?
51. What if, during 'Mystery Babylon's' 'Dark Ages' there were only three main kingdoms in the Middle-East; Israel being the 'third with Egypt and with Assyria,' and Egypt being the 'basest of the kingdoms'?

52. What if—during the First dominion—men of other nations would ‘take hold of the skirt of him that is a Jew, saying, We will go with you: for we have heard that God is with you; and men of one city would go to another and say ‘Let us go speedily to pray before the LORD?’ Perhaps they would call for transportation by the ‘watchers’?
53. What if, after Jerusalem’s siege of 0070 —there was no Edomite left in the land? And
54. What if King David, because of God’s promise to him that he would in an age to come, again rule the nation Israel—rule from the city Petra where the Great Temple was, with waters flowing from under the thresh-hold that would become a river of life-giving waters? And is that the reason in two of his psalms he asked ‘Who will bring me into the strong city... Who will lead me into Edom?’
55. What if it were true that The Lord, ‘in the beginning’ had ‘laid the foundation of the earth; and the heavens are the works of His hands,’ and when one of Earth’s Ages become decadent—‘as a vesture, He will fold them up, and they shall be changed;’ but ‘He is the same’ and His ‘years shall not fail’?
56. What if it were true that—during the last Schmitah Feast of Tabernacles—when Satan came up against the ‘camp of the saints’ with his army of dissidents and God folded up all that was worthy of His kingdom and changed it into another of Earth’s dimensions—His enemies became so confused they turned their ray-guns upon each other and even animals so that their eyes would ‘consume away in their holes,’ and their tongue ‘consume away in their mouth?’
57. What if—when the First Dominion was folded up and changed—it left a vacuum that triggered tidal waves world-wide, and the second Babylon located at Alexandria, Egypt—was the ‘great burning mountain’ that ‘was cast into the sea’?
58. What if Napoleon Bonaparte was the ‘cockatrice’ that came ‘out of the serpent’s root’ (Roman Emperors who had controlled Palestine) and Adolph Hitler was ‘his fruit,’ the Fiery Flying Serpent’ and ‘all of Palestina’ was to ‘rejoice not ‘because the rod of him that smote’ them was ‘broken’?
59. What if those who ‘keep their garments’ at the End of the Age in which we live—will be gathered by Christ Himself into His horses and chariots (ships and motherships) and taken directly to help Him fight the Battle of ‘Armageddon’ during the last world war or the ‘Battle of the Great God’ just before the earth is changed? And What if this is portraying the end of King Nebuchadnezzar’s dream in Daniel chapter two?
60. What if there really is ‘no power but of God’ as Apostle Paul said; and that power is at our disposal by a ‘spoken word’ which is one of the laws of our universe?

What if you should write a book with your research on these ‘What ifs’ along with some ideas of your own, and it wins a Nobel Prize either for Peace or for Literature? I’m sure I’ve missed some of the really important ‘What ifs’ that will cross your mind...
