## One Day the Clouds Brought us Together

Lynnett S. Wesley has always been fascinated by people and organizations that make the greatest and longest lasting impact in the world. Over the years, she has discovered some remarkable patterns in how children think, act, and communicate and the environments in which children operate at their natural best.

Lynnett offers ways to improve quality of life and family relationships. She is devoted to sharing her thinking in order to help other parents, leaders and organizations inspire action. Providing guidance and support to build thriving blended and divorced families, she focuses on transparency, leadership, trust, and finding fulfillment in your relationships.
