HONORING OUR FAVORITE

Equalizer

This month we honor one of the biggest icons in Hollywood, known for masterfully playing characters exuding grace and humanity. He is a household name, with awards and recognitions and a career spanning 35+ years. Since the 1980's he has been in at least 55 films, and has directed 4. He has been awarded Oscar, Golden Globe, SAG and Tony Awards (to name a few). He has also received several honorary degrees, from prestige universities, on top of earning his Bachelor's degree.

Some of his most notable roles include human rights activist Malcolm X in the film Malcolm X, drug leader Frank Lucas in American Gangster, and football coach Herman Boone in Remember The Titans. The month's box features reds, inspired by the team colors in the film Remember The Titans, which many would agree to be one of the best football films of all time.

With a net worth of over \$215 million, our honoree has shared his wealth by contributing to multiple organizations and nonprofits. He has helped raise millions for The Smithsonian Museum of African American History, and has donated millions to help build a church facility in Los Angeles. He has been a national spokesperson for Boys & Girls Club of America since the 90's, and has devoted time to visiting wounded soldiers through the Fisher House Foundation. We couldn't be more enthusiastic to honor such a successful and altruistic gentleman this month!

"Success? I don't know what that word means. I'm happy. But success, that goes back to what in somebody's eyes success means. For me, success is inner peace. That's a good day for me."

HOWARD MATTHEWS

TIE BAR, \$15

Keep your tie in place with the Howard Matthews Tie Bar this month. To wear it properly, slide it over your tie and shirt placket, between the third and fourth buttons.

Started by two corporate-working men with a passion for mens fashion, Howard Matthews provides all the essentials for dressing like a gentleman. After searching for accessories for themselves that didn't break the bank, and were of fine craftsmanship, and falling short time after time, founders Matt and Howard took matters into their own hands. They started to create accessories for themselves and family, and became very good at it, leading to the creation and success of their business, Howard Matthews.

Q: What would you say your favorite box has been? And why?

A: There have been a lot to choose from. But the most recent that comes to mind is "Honoring Healthcare Professionals". I loved all the items in this box.

Q: Since you have received so many boxes if you could curate your perfect box, what would be inside?

A: I don't get to dress up as often as I would like, so more items for day to day use would be preferable. Sunglasses, cologne, shave/skin care items, socks (more casual perhaps), bracelets/watches/ something to accent attire.

Q: What is something you'd like to see in a Gentleman's Box this year that you haven't received in the past?

A: Something for a vehicle that ties in to a theme. Maybe some stickers/magnets that would correlate to a month's theme or featured person. Or even some cleaning products/scents that can be used quick and readily. Or even something useful in an emergency.

Q: If you had to describe your gentleman-like style, how would you?

A: I try to look my best at all times if I can help it. Whether I'm at work, the gym, or with friends. A comfortable pair of shorts or jeans with a nice t-shirt or polo and a pair of Vans.

Q: What made you sign up for the Gentleman's Box and keeps you on?

A: I originally saw an ad on Instagram. Previewing the items I would be able to receive and the price being great, I took a chance and signed up. I enjoy trying the sample items and continuing to receive great brands that I may normally never hear about.

Q: Lastly, what does being a gentleman mean to you?

A: A gentleman to me is someone who always puts others first. Someone who does for others without looking for payback. A gentleman means being honest and loyal while keeping his integrity in all he does. He always does the right thing whether or not someone is watching. A gentleman means being responsible in all aspects of his life. It means being chivalrous and strong in both body and mind. He faces all adversities without fear and is very confident without being egotistical.
