**NO REHEARSAL
TODAY**

Mother's Day is a very special occasion and opportunity to express our endless gratitude to the women who give their unyielding love and devotion to their families, and their unending sacrifices to guide, protect, and nurture the success of their children. Our country has long appreciated and benefited from the contributions women have made to empowering and inspiring not only those under their roofs, but those in our schools, communities, governments, and businesses. Today, and every day, let us express our utmost respect, admiration, and appreciation for our mothers who have given us the sacred gifts of life and unconditional love. In all that they do, mothers influence their families, their communities, our Nation, and our world. Whether we became their children through birth, adoption, or foster care, we know the unmatched power of the love, dedication, devotion, and wisdom of our mothers.
