

IN STOCK

Frameless Slider Shower Door

- Adjustable size: 57-60" W x 76" H, 32 3/8" door width, 24-27 1/2" walk-in.
- Trim stainless steel top guide for width adjustment.
- 3/8" (10mm) thick tempered safety glass resists water stains, is easy to clean, and certified.
- Large solid stainless steel rollers ensure a quiet and smooth glide.
- Modern, bright frameless design with pull handles that slide open easily.
- Not adjustable for non-plumb walls, so all walls must be right angles and plumb for proper installation.
- High-quality, rust-free stainless steel hardware with splash-proof threshold.
- Threshold depth requirement is 2 3/4".
- Reversible door provides a customizable option for bathrooms.
