NATIONAL GLOBAL IMPACT DAY FORUM

Pathways to Empowerment

April 12, 2019 | 10 am-3 pm

National Global Impact Day will engage Alpha Kappa Alpha chapters worldwide in global service activities. Xi Omega will host Pathways to Empowerment designed to raise awareness of education and health challenges faced by women in Ghana, Liberia and Washington, D.C.

Access to feminine care products is both a local and international issue. Many girls throughout Africa miss a week per month of school because they lack access to sanitary products due to cost and availability. Women and girls in the United States face similar challenges. School supplies can be extremely expensive in other countries. Our National Global Impact Day event will include a collection drive for these important items.

Participants are invited to donate school supplies, personal hygiene and feminine care products.

Please complete this form and bring donations to **Xi Omega Center, 4411 14th Street, NW.**
