ACCESSORIES

INSTALLATION

UNDERLAYS

If you're going for a quick and smooth floating installation, choosing the right underlay is essential. Besides creating a **level base**, it also provides **excellent acoustic insulation** and **reduces creaking noises**.

Quiet-Step Combi-Lay
QSC-Lay20/QSC-Lay50
Thickness: 2 mm - Roll: 20/50m²

Quiet-Step Combi-Lay is the first choice where a quiet step sound and maximum reduction in multi-storey noise is required. This high density underlay has no match when it comes to reducing foot fall noise, with a reduction of up to 30% over standard underlays.

Combi-Lay Standard
C-Lay20/C-Lay50
Thickness: 2 mm - Roll: 20/50m²

Combi-Lay Standard is no normal underlay. The dense, closed cell polyolefin foam provides excellent support, with good reduction of both reflected and impact noise

Quick-Step underlay combines the right balance of noise reduction, compression, slip and damp proof characteristics into one affordable solution.

GLUED-DOWN INSTALLATION

If you're going for a glued-down installation, use Quick-Step Parquet glue for the best result. Our **ready to use** glue has a **long open time** and guarantees **fast adhesion**. A glued-down installation of your wood floor **reduces footstep noise** to a minimum, allows your floor to **breathe and expand** with temperature variations and maximises the performance of **floor heating systems**.

Tips to keep your floor in top condition: Placing dirt trapping mats at external entrances and felt floor protectors under all furniture is recommended. Where possible, use rubberised castors and wheels designed for hard flooring and vinyl chair mats under castor wheels and office chairs. Remove small stones and grit with a soft bristle broom or vacuum to help prevent scratching. Quick-Step Timber should also be protected from excessive heat and sunlight. The use of steam mops (Faro and Amato permitted) should also be avoided at all times. Stiletto heels are not recommended on Quick-Step Timber floors. For regular maintenance, use the Quick-Step Cleaning Kit for best results. (For full maintenance guidelines go to www.quick-step.com.au)
