

Good Morning everyone.

Last night the Governor of California; Gavin Newsom, issued executive order N-33-20 : <https://covid19.ca.gov/stay-home-except-for-essential-needs/> & <https://covid19.ca.gov/img/Executive-Order-N-33-20.pdf>

This is a legal order to cease and desist all non-essential business and non-essential travel due to the Corona Virus (COVID-19) pandemic. For us this means that all KlubThirty3 / #ASPHYX3A / #SOL3MAT3S regional events across the U.S. & internationally are suspended until further notice.

All current 2020 members will have their memberships extended for as long as this pandemic lasts.

Any member / non-member who has purchased party-passes to our events are eligible to have their party-passes rolled-over and if they chose to roll-over they will be granted a 2nd free party-pass. If you prefer a refund we will need you to email us your name, last name, and email address and complete shipping address so that we may ship a money order to you as our payment processor doesn't do refunds.

As a reminder, memberships are and have always been non-refundable. Again, don't worry about your membership status, its secure and will be extended for as long as this COVID-19 pandemic lasts.

As of today, all ticketing / party-passes will be suspended. However, all membership options will remain available on a very limited basis so get them while they last and remember that as soon as we are back in business after this pandemic; you'll be able to attend our events. Those of you who get the memberships will still be entitled to your free first event that is part of the membership package and as soon as we can start up our events, you'll be able to attend any regional event that Renée and I personally host for free.

Once we are back to conducting business, we will be implementing heightened security measures for obvious reasons. Expect to be thermal scanned with forehead thermometers before entry to ensure that all members / guests, staff and models don't have a fever of 104 Fahrenheit, anyone who does have a 104 or higher will not be admitted into our events, no exceptions. Resorts in Nevada are already doing this to ensure that no sick guests enter their resorts. Expect to also sign medical waivers as part of the consent forms everyone already signs upon entry to our events. And depending on the shortage of paper products you may need to provide your own paper-towels and possibly your own food and beverages if we experience food and beverage shortages and are unable to provide food, water and other supplies we normally provide during our events.

We encourage all of our guests / members, live-action models and staff to practice the following:

- 1. Get in the habit of covering your mouth anytime you cough or sneeze; preferably with a tissue, then throw the tissue in the trash.**
- 2. Wash your hands often with soap and water.**
- 3. Avoid touching your eyes, nose, and mouth.**
- 4. Don't share food or drinks**
- 5. Avoid close contact with people who are sick. And try to not visit hospitals, retirement homes, asylums, jails / prisons and other types of detention centers.**
- 6. Socially distance yourself from our events and venues when you are sick or if any immediate family members or roommates are also sick as some people may be carriers of viruses even if they do not exhibit any symptoms. Just being around a sick person is all it takes to transmit germs.**

If you are looking for a medical / laboratory grade personal cleanser, we highly recommend Z-Tek (www.Ztek.life) which are non-nano, hypo-allergenic, non-alcohol, colloidal silver based skin purifiers that are of the most supreme quality that currently on the market as a supplemental addition to what you may already use for hygienic purposes. Renée and I have been using Z-Tek for many years and the models will recall that we provided samples of Z-Tek in your swag bags during the 2020 #SOL3MAT3awards in Los Angeles.

Thank you for your patience and cooperation during this difficult time. As individuals we can all do our part to eliminate this pandemic from the global population so that we can all get back to business and life in general.

Best regards,

Russell Peter | Klub Thirty3™ -Chief of Staff / Sergeant at Arms & Co-Founder
