INTRODUCTION

ABOUT US.

ABOUT THE COMPANY

Vetri Tec Solution is a trusted provider of Cybersecurity, Cloud Security, and Governance, Risk & Compliance (GRC) solutions. We help businesses safeguard their digital infrastructure, meet compliance requirements, and build resilience against emerging cyber threats. With a team of certified professionals, we deliver end-to-end consulting, managed security services, and enterprise training to strengthen security posture and ensure business continuity.

VISION & MISSION

By using cutting-edge technology and a business-centric approach, you can add value to your clients' services and help them achieve excellence and compliance.

- To protect businesses from ever-evolving cyber threats.
- To deliver scalable and cost-effective security solutions and consulting services.
- To help organizations achieve compliance, governance, and risk management excellence.

DRIVE EXCELLENCE IN QUALITY, SECURITY AND PERFORMANCE

At Vetri Tec Solutions, we help organizations improve quality, strengthen cyber security, and enhance operational efficiency through accurate, reliable, and professional security solutions.

PROMOTE A CULTURE OF CONTINUAL IMPROVEMENT AND COMPLIANCE

At Vetri Tec Solutions, we empower businesses to adopt secure and future-ready practices through expert cyber security guidance, transparent processes, and innovative strategies, ensuring long-term growth and compliance.

ISO 27001:2022

Vetri Tec Solutions provides in-depth ISO 27001:2022 implementation and consulting services designed to help organizations establish, manage, and continuously improve an effective Information Security Management System (ISMS). Our expert-driven approach empowers businesses to identify risks, protect sensitive data, ensure compliance, and strengthen overall cyber security posture through structured processes, practical guidance, and industry best practices.

ISO 9001:2015

Vetri Tec Solutions offers ISO 9001 certification consulting services designed to help organizations consistently deliver high-quality products and services. Our approach enables businesses to meet regulatory requirements, enhance customer satisfaction, and drive continuous improvement through the implementation of a robust Quality Management System (QMS), supported by expert guidance and structured processes.

COMPLIANCE & INTERNATIONAL REGULATION AUDIT

01

Cloud Security Consulting & Audit Services

CSA STAR

The Cloud Security Alliance (CSA) created the CSA STAR (Security, Trust & Assurance Registry), a global platform intended to support reliable and open cloud security procedures.

02

General Data Protection Regulation Services

GDPR

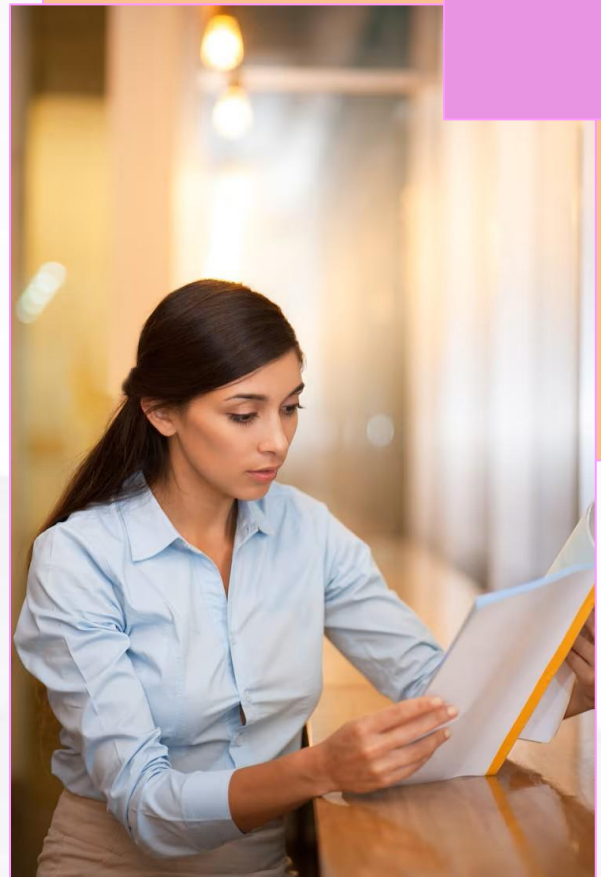

In order to safeguard the privacy and personal information of people living in the EU and the European Economic Area (EEA), the European Union passed the General Data Protection Regulation (GDPR) in May 2018.

03

Payment Card Industry Data Security Standard Consulting & Audit Services

PCI DSS

A thorough set of security guidelines created to protect cardholder data and guarantee safe payment transactions is known as the Payment Card Industry Data Security Standard (PCI DSS).

Internal Audit and Training

Internal Audit Services

We carry out thorough internal audits to assess the effectiveness of your internal controls. To find holes before they become problems, our team examines policies, procedures, documentation, and technology safeguards. You receive precise conclusions, recommendations for corrective action, and assistance in conforming to international standards.

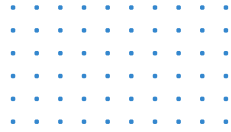

Training Programs

Vetri Tec Solutions primarily focuses on corporate cybersecurity training, helping organizations strengthen their security posture through real-world scenarios and hands-on exercises. It also offers industry-focused programs for students, equipping them with practical skills in cybersecurity and IT domains. The training bridges the gap between academic knowledge and industry requirements while enhancing overall workforce readiness.
