THE STORY

Kyle Robinson spent six years in high school, graduated with a 1.04 GPA, and had a brush with the law that could have defined his life. It didn't.

Today, Kyle is a licensed attorney, entrepreneur, and ultra-marathon runner who has competed in some of the most grueling endurance events on the planet.

His message is built on one idea: endurance is a strategy, not a trait. He meets young people exactly where they are, speaks their language, and leaves them believing something they didn't before — that their future belongs to them.

WHAT ORGANIZERS SAY

“

Kyle spoke at our event and absolutely delivered. He resonated with the kids in a way that was immediate and real. If you have not booked him yet, you are already behind. I am booking him again for our upcoming September summit.

“

I had the chance to work with Kyle as our workshop partner and he was really amazing. Students gave us tremendous feedback about how much they connected with his story. He is easy to work with, communicates exceptionally well, and I highly recommend connecting with Kyle for your next event.
