

## **Inflatable Amusement Attractions Prohibited**

Our insurance carrier has prohibited the use of inflatable amusement attractions at McMillan Park. Upon advise of counsel The Board of Directors adopted the following policy:

No jumper, bouncer, bouncy house, moonwalk, waterslide, water amusement attraction, slip-and-slide, pool, or any form of inflatable amusement attraction, including but not limited to any ride or device designed for use that may include but is not limited to bounce, climb, slide or interactive play, which is made of flexible fabric and kept inflated by continuous air flow by one or more blowers and relies upon air pressure to maintain its shape shall be permitted within any common area of the Association. Any violation of this rule shall subject any Owner who either themselves brings such amusement attractions upon any common area of the Association or permits another who is such Owner's guest, tenant, or otherwise under such Owner's control or supervision while on Association common area to fines as provided for in the Bylaws of the Association and any fine schedules adopted and imposed pursuant to the same.

An abbreviated version of the policy will appear in our Park and Pavilion Rules as Rule 9:

9. No inflatable amusement attractions.
