### Ramp Application

**This application must be completed prior to the start of construction of your ramp.**

Habitat volunteers will provide free labor to build a ramp for anyone needing wheelchair access to their home. The cost to the ramp owner is for materials only and can be repaid on a monthly, interest free payment plan.

This program was initially set up through Habitat for Humanity of Pike County in coordination with United Way of Pike County and the Lords Valley Rotary Club. Building costs are financed by a revolving fund called “**The Fund for Humanity.**” As ramp material costs are repaid, the payments go back into “The Fund for Humanity” and allow Habitat to build more ramps. When this application is reviewed by the Board of Directors, determination will be made as to the monthly amount to be repaid to the Habitat ramp fund.

You must fall under the same financial guidelines used to determine housing from Habitat.

Aside from this application you must provide us with a current survey of your property so construction permits may be completed.
