## Abstract

Rev 4a - This author has been researching the claims of Targeted Individuals since January 2016. I have interviewed three people making similar claims, and in my opinion, these claims are credible and real. Technical information has been obtained on the frequency and voltage that is being used. There are two signals that are being used from satellites in geosynchronous orbit; (1) Geolocation and tracking frequency of approximately 3640 MHz, (2) Harm frequency of approximately 3920 MHz, (3) Voltmeter readings of 0.8 millivolts to 10.0 millivolts on the top of the person's head; (4) Confirmation of frequency spectrum assignments from the FCC Frequency Table showing "Fixed Satellite (space-to-Earth) communications," in agreement with the measured frequencies. In theory, it may be possible to jam these frequencies using hardware from companies such as Windfreaktech.com. It may be possible to block the microwaves by using higher voltage "metal shields" that ground-out the microwaves - such as battery-jump start boxes from Walmart. Or high-voltage electric-fence signals that can ground the microwaves onto a metal shield, Anything that is higher voltage can ground the microwaves or minimize their effect. Thousands of people worldwide are being tortured by these vicious attacks. One individual reported that the microwaves were used to increase heart rate and blood pressure about 30 to 50% on a continuous basis, 24 hours per day. The apparent goal is to cause heart failure. Because the pulsed microwaves are low voltage, it is possible to construct a shield that will absorb or ground most of the frequencies. It can be constructed with a metal shield and charged with an electric fence charger - this is one method. It may also be possible to use an ordinary battery charger to electrify the metal shield - although I have not tested this - next ebook will address testing. It is important that you have an electrician help you with this equipment - you may be electrocuted. Several layers will be more effective than a single layer. NOTE: This author is not responsible for injuries you may sustain. Please have an electrician or electrical engineer help you.

Dr Barrie Trower, former MI5 agent, has a number of youtube videos describing his knowledge of these horrific CIA and British Intelligence programs. They are happening now. Dr John Hall, M.D., author of "Satellite Terrorism in America," has first-hand knowledge of this illegal program. Dr Richard Northern of ICAACT.org has performed measurements on hundreds of people claiming targeting. NSA whistleblowers, William Binney and Kirk Weibe recently announced their support for Targeted Individuals. Dr. Katherine Horton is an Oxford-educated scientist and a victim for 5 years – stop007.org. About 70% of the victims are female. Some information claims that the 3900 MHz frequency is also being used to project subliminal messages at the Targeted Individual's family and friends. This is done thousands of times each night while the family sleeps. This is the apparent method used to turn family and friends against the Targeted Individual – part of the gangstalking and isolation. See my ebook on "34 Patents on Subliminal Mind Control." As a protective measure, Seth has recommended repeating this subliminal message to yourself: "I will only react to constructive messages." A long list of references is provided with this ebook. Numerous examples of criminal activity by the CIA and FBI are provided. This author has been researching the claims of Targeted Individuals since January 2016. I have interviewed three people making similar claims, and in my opinion, these claims are credible and real. There are two signals that are being used from satellites in geosynchronous orbit; (1) Geolocation and tracking frequency of approximately 3640 MHz, (2) Harm frequency of approximately 3900 MHz, (3) Analog voltmeter readings of 0.8 millivolts to 10.0 millivolts on the top of the person's head; (4) Confirmation of frequency spectrum assignments from the FCC Frequency Table showing "Fixed Satellite (space-to-Earth) communications," in agreement with the measured frequencies. In theory, it may be possible to jam these frequencies using readily-available hardware kits from companies such as Windfreak.com. Thousands of people worldwide are being tortured by these vicious attacks. Dr Barrie Trower, former MI5 agent, has a number of youtube videos describing his knowledge of these horrific CIA and British Intelligence programs. They are happening now. Dr John Hall, M.D., author of "Satellite Terrorism in America," has detailed his experience with these CIA-funded programs from MK-Ultra. Dr Richard Northern of ICAACT.org has performed measurements on hundreds of people claiming targeting. NSA whistleblowers, William Binney and Kirk Weibe recently announced their support for Targeted Individuals.

Scans were made using an Aaronia Spectran HF-4040. This is a high-precision scientific measuring instrument. Typical data readings for the tracking signals are 3648 to 3728 MHz at -70dbm. Typical data readings for the harm signal are 3921 to 3932 MHz and -57 dbm. Keep in mind that they were attempting to minimize or hide the signal while we were measuring it – regularly shutting it off, and then turning it back on.

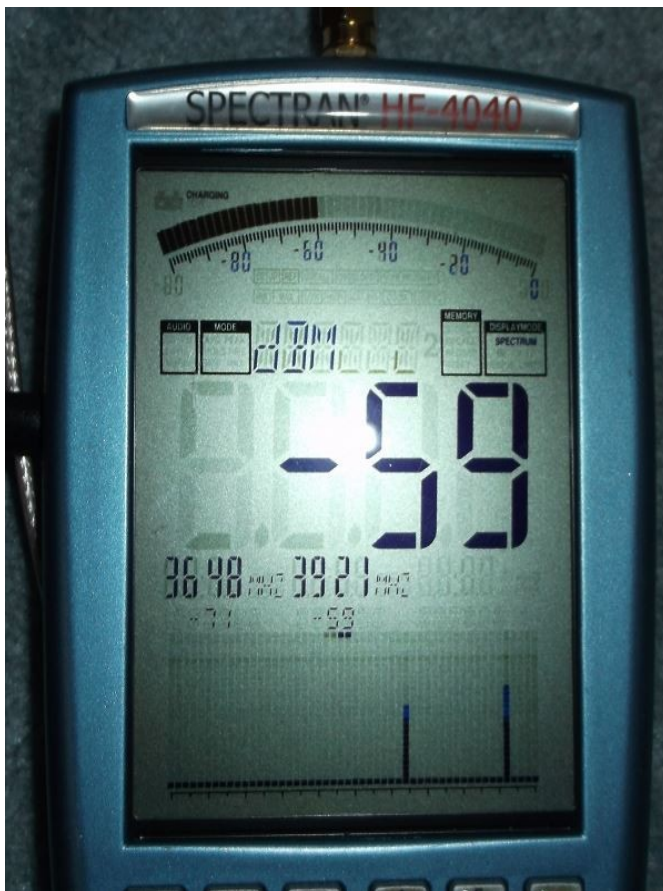

Figure 1. Typical Spectran HF-4040 reading taken in summer 2016. 3648 MHz at -71dbm and 3921 MHz at -59 dbm. There are very few users in this frequency range – so it is easy to identify. Scans were typically done by sweeping between 3500 MHz and 4000 MHz, but could be narrower, once the range is known.

Figure 2. Another typical Spectran HF-4040 reading, 3692 MHz at -67dbm and 3923 MHz at -57 dbm.

Figure 3. Another typical Spectran HF-4040 reading. 3722 MHz at -58dbm and 3932 MHz at -55dbm. The power level seems to be determined by the building structure over the target's head – i.e., a residential roof or a multi-floor building.

Figure 7. Satellite weapon being built. From DrJudyWood.com

Keep in mind that these satellite systems were designed to be part of President Reagan's "Star Wars" program. They were launched in the late 1980's and early 1990's. The satellites are designed to track a ballistic missile traveling up to 10,000 miles per hour and point an intense beam of microwaves on the nose cone to burn-out the electronics. This destroys the guidance system in a matter of seconds. So without any missile targets to use, the government criminals, under the direction of David Rockefeller and the Council on Foreign Relations, decided to point these satellites at people. My previous ebooks have identified the source of funding for the Rockefellers – many trillions of dollars on the London Stock Exchange. See "Fraud on the London Stock Exchange" and "Rockefeller and Rothschild Dirty Money on the London Stock Exchange."

If a satellite can track a ballistic missile at 10,000 miles per hour, then it can easily track a person on the ground, even through a building or roof – by receiving the reflected signal that comes from the persons' skull bone. This signal is reflected 5 to 10 times every second, so they always know the precise location for someone that is targeted. This tracking signal is approximately 3648 MHz, and shows up on the official government frequency table (FCC Frequency Allocation Table – See Figure 7 and 8)

The data shown in this document was obtained from multiple locations that were more than 20 miles apart, which makes it very likely that the signal is from a satellite. Any horizontal signal at these frequencies in the atmosphere would be quickly dampened. Also, the person being measured indicated the sensation on the top of their head. The voltage readings were measured using an aluminum strip across the top of the head. Voltage readings at a minimum were around 0.8 millivolts, which the individual can feel. The harm frequency is generally pulsed at about once per second or faster. At the minimum voltage, it may cause permanent brain damage, and can be used to induce muscle twitches throughout the body. At an approximate voltage of 9 to 10 millivolts, the person is in a fetal position, in excruciating pain.

## Other Background Information and William Cooper, former intelligence officer

Harlan Girard is a Targeted Individual that has been writing about his experience for more than 20 years. His material is available on the internet. He has tried to get help from US Government officials, the United Nations, and Human Rights Committees in Europe. Make no mistake about it - the deliberate targeting of innocent civilians is a War Crime. I agree with Dr John Hall in San Antonio, who has written two books on this subject – the apparent goal is using people as guinea pigs to experiment and determine the best ways to control people. It is notable that this directive is part of “Alternative 2” and “Alternative 3” as discussed by former intelligence officer, William Cooper. These directives were decided and carried out under the Bilderberg committees, of which David Rockefeller is a founder. Readers will note that David Rockefeller and Nelson Rockefeller appear numerous times in the material provided by William Cooper, describing the formation of the Secret Government, Black Budget Operations, and plans of the National Security Council (NSC). William Cooper wrote a book, published in 1991, “Beyond a Pale Horse.”

From wikipedia.org: “Cooper described the Illuminati as a secret international organization, controlled by the Bilderberg Group, that conspired with the Knights of Columbus, Masons, Skull and Bones, and other organizations. Its ultimate goal, he said, was the establishment of a New World Order. Cooper believed that James Forrestal's fatal fall from a window on the sixteenth floor of Bethesda Hospital was connected to the alleged secret committee Majestic 12, and that the JASON advisory group scientists reported to an elite group of Trilateral Commission and Council on Foreign Relations executive committee members who were high-ranking members of the Illuminati.”

Cooper has quoted specific National Security Council orders, the date they were signed, and named the individuals that were on these secret committees. Many of them were members of the Council on Foreign Relations, of which David Rockefeller was the leader.

## Other Technical Details

One targeted individual reported that during the first 3 months of harassment it is particularly difficult, because they try to “soften you up.” This means using high levels of voltage and painful torture.

Other helpful technical data noted from persons: pillows made with 70% polyurethane foam and 30% gel seem to be effective as dampeners – available at Bed, Bath, & Beyond. Gel packs have also been reported to be helpful. This does not block the signal but seems to spread out the beam, and dampen the reflected signal, making it more difficult to track the target. Another target reported - Maximum power from the satellite cannot penetrate a building more than about 30 floors. Try going to an underground parking garage under a skyscraper, and note the difference.

Some frequencies target the heart for accelerating the rhythm and blood pressure, which might lead to heart failure. Heart rate can be increased by 20 to 30 bpm, and blood pressure

can be increased 20 to 30 points. One individual reported that the microwaves were used to increase heart rate and blood pressure about 30 to 50% on a continuous basis, 24 hours per day. The apparent goal is to cause heart failure.

One individual reported the hacking of his vehicle, including start interrupts, music system scrambling, electric window failure, etc. Note that famous journalist, Michael Hastings, was murdered by electronic hacking of his car and making it accelerate to high speed. Many newer cars can be easily hacked, as they are not well protected. If this happens to you – simply put the transmission into neutral and use the brakes or the emergency brake.

The vehicle start interruption seems to be accomplished by sending a repetitive signal to the starter circuit that disables the starting system. When the target turns the key, nothing happens. No clicks, no lights, no electrical circuit available. However, testing the battery shows more than 12 volts available, and yet no headlights and no clicks from the starter. Also this person reported digital cameras that stopped working. (These criminals don't like their picture taken.) This seems to be accomplished by sending a continuous series of shutdown commands through a Wi-Fi router, or through the person's mobile phone, so that starting the camera's power button, immediately results in a shutdown of the camera. The shutdown command is sent continuously. This was reported on 3 different digital cameras simultaneously, all using new batteries. It is highly unlikely that this is the result of 3 simultaneous malfunctions of nearly-new digital cameras.

After drinking a "refreshment" drink Potchen provided, Boyce had fallen asleep at a desk at PTI's office, pulling an all-nighter. When he awoke, his right shoulder felt like it had been numbed, and when he rubbed it, he noticed a small, hard lump there. Having recently had some benign skin cancer removed, he assumed it was just another tumor, and thought no more of it, until the skin turned red and his shoulder became very sore many months later.

Back at his own lab, he noticed that his shoulder was "transmitting" RF radiation. Then, when he had the tumor that formed there removed, he looked at the small-grain-of-rice-sized microchip before the doctor took the tissue away to be examined by pathology. He then researched various companies that manufacture implantable microchips, and he saw that the chip that had been removed from his shoulder matched the chip design by **VeriChip**. In particular, there is a thin, white rubber-like coating on one end that the tissue grows to so the chip won't migrate. The pathology report did not mention the chip.

Due to the politics of the situation, Boyce has had a hard time finding a surgeon to remove the chip and document its removal. This time around, Boyce wanted to make sure there was proper legal "chain of custody" when the second chip was removed, as certified by the surgeon when placed in a specimen container, which was sealed, labeled, dated, and signed by the surgeon.

The reason for Boyce's falling out was that Potchen, who is former Military Intelligence, had been making modifications to the hydroxy-generating device that Boyce said were reducing the cell's efficiency. Prior to those modifications, the cell was producing great results when installed in test vehicles. In one case, the mileage of a truck increased from 5.5 mpg to 11.7 mpg – more than double.

Boyce described a number of modifications that Potchen made in the name of making the cell cheaper to produce, but which significantly worked against the efficiency. "It's as if he was intentionally sabotaging the system to discredit the field."

Boyce withdrew his endorsement of Potchen's device and published his concerns to some hydroxy forums.

The saga from there is long and drawn-out and still ongoing. This is the latest installation.

Ironically, Boyce's operation yesterday was exactly one year after we posted a story: [Boyce chip implanter suspect identified](#).

**Photos**

The chip photos were taken by the surgeon's staff. The VeriChip (called "foreign body" for political reasons) was removed from the tissue (made blue from the dyes used to identify cancerous tissue) and placed in a specimen container and sealed by the surgeon. Part of the problem with the fuzzy resolution is that these are photos of photos taken by the staff. Bob has these posted on his site at <http://www.bobboyce.org/cancer.htm>

I don't recommend looking at these photos while eating, which is what I was doing this afternoon when I first looked

So who is behind the control dials of these horrific programs? Based on my research, the satellite launches are probably conducted by the NRO – National Reconnaissance Office. The CIA, FBI, and NSA are likely involved in the targeting and daily operations, including gangstalking. The FBI has a number of bogus programs that are a cover for such illegal activity – such as the Citizen Corps ([dhs.gov/citizen-corps](http://dhs.gov/citizen-corps)) and InfraGard ([infragard.org](http://infragard.org)). The local FBI managers of these programs would certainly be knowledgeable about the criminal activities they were hiding. There are numerous news articles describing the FBI's criminal activity (see below) and the ACLU has written extensively on the FBI's illegal spying and stalking programs. Often, they are trying to use private citizens to do their dirty work, such as gangstalking. The informants and gangstalkers are paid through bogus expense reports and expense checks. Some are paid up to \$100,000. If the informants try to leave the program, they are threatened with criminal charges for submitting bogus expense reports. In this way, the informants and gangstalkers are stuck in the program after submitting one bogus expense report. If you are asked to “help” with harassing a person, this is the treatment you will receive.

“One investigative report by RT.com, showed that FBI informants were authorized to break the law 5,600 times in one year. “A document obtained by Reuters “*specifically directs*” the agents of the Special Operations Division (SOD) to cover up their information sources from investigative reports, affidavits, discussions with prosecutors and courtroom testimony.”

Clearly, unconstitutional and illegal. This is a serious Felony crime.

[www.rt.com/usa/dea-agents-nsa-evidence-067/](http://www.rt.com/usa/dea-agents-nsa-evidence-067/)

“In at least 5,658 cases in a single year alone, the FBI authorized its informants to commit crimes varying from selling drugs to plotting robberies, according to a copy of an FBI report obtained by USA Today. After much redacting by the authorities, the watered-down FBI's 2011 report obtained under the Freedom of Information Act has revealed that agents had been authorizing 15 crimes a day on average, in order to get the necessary information from their informants.” [www.rt.com/usa/fbi-crimes-informants-scheme-035/](http://www.rt.com/usa/fbi-crimes-informants-scheme-035/)

“The FBI has built a massive network of spies to prevent another domestic attack. But are they busting terrorist plots—or leading them? The bureau now maintains a roster of 15,000 spies, some paid as much as \$100,000 per case...” “The problem with the cases we're talking about is that defendants would not have done anything if not kicked in the ass by government agents,” says Martin Stolar, a lawyer who represented a man caught in a 2004 sting involving New York's Herald Square subway station. “They're creating crimes to solve crimes so they can claim a victory in the war on terror.” Is this a system ripe for abuse?

[www.motherjones.com/politics/2011/08/fbi-terrorist-informants](http://www.motherjones.com/politics/2011/08/fbi-terrorist-informants)

Recall that in Germany, after World War 2, it has been reported that about 15% of all citizens were working directly or indirectly for the government, using many people as spies and informants under the disturbing Stasi programs. This is one reason why most Germans are highly sensitive to privacy issues today.

MORE ABOUT FBI SPYING - from the American Civil Liberties Union.

"The FBI has a long history of abusing its national security surveillance powers. The potential for abuse is once again great, particularly given that the lines between criminal investigations and foreign intelligence operations have been blurred or erased since 9/11. As a result, intrusive surveillance tools originally developed to target Soviet spies are increasingly being used against Americans."

"COINTELPRO. During the Cold War, the FBI ran a domestic intelligence/counterintelligence program called COINTELPRO that quickly evolved from a legitimate effort to protect the national security from hostile foreign threats into an effort to suppress domestic political dissent through an array of illegal activities. COINTELPRO targeted numerous non-violent protest groups and political dissidents with illegal wiretaps, warrantless physical searches and an array of other dirty tricks. The FBI used the information it gleaned from these improper investigations not for law enforcement purposes, but to "break up marriages, disrupt meetings, ostracize persons from their professions and provoke target groups into rivalries that might result in deaths." The Church Committee, a Senate Select Committee that investigated COINTELPRO in the 1970s, found that a combination of factors led law enforcers to become law breakers."

"Patriot Act. With the enactment of the USA Patriot Act Congress expanded the FBI's authority to make secret demands for personal information and records about not just suspected terrorists or spies but about anyone the FBI deemed merely "relevant" to an FBI investigation. Not surprisingly, a series of five audits by the Department of Justice Inspector General confirmed widespread FBI mismanagement, misuse and abuse of this unchecked authority, which is now used, more often than not, to target Americans."

"The final and most dramatic changes to the Attorney General Guidelines were made in December 2008, in the Bush Administration's final month in office. Then-Attorney General Michael Mukasey instituted new guidelines that authorize the FBI to conduct investigations called "assessments" without requiring any factual predicate suggesting the target of the investigation is involved in illegal activity or threats to national security. The Mukasey guidelines allow the FBI to utilize a number of intrusive investigative techniques during these assessments, including physical surveillance, retrieving data from commercial databases, recruiting and tasking informants to attend meetings under false pretenses, and engaging in "pretext" interviews in which FBI agents misrepresent their identities in order to elicit information. "Assessments" can even be conducted against an individual simply to determine if he or she would be a suitable FBI informant. Nothing in the new AG Guidelines protects entirely innocent Americans from being thoroughly investigated by the FBI for no good reason."

Dr Corkin Cherubini wrote a book on government Gangstalking.

These news articles document how the gangstalking network is being built up:

FBI Proposes Building Network of U.S. Informants

July 30, 2007

By JUSTIN ROOD REPORTS:

The FBI is taking cues from the CIA to recruit thousands of covert informants in the United States as part of a sprawling effort to boost its intelligence capabilities. According to a recent unclassified report to Congress, the FBI expects its informants to provide secrets about possible terrorists and foreign spies, although some may also be expected to aid with criminal investigations, in the tradition of law enforcement confidential informants. The FBI did not respond to requests for comment on this story.

[www.theguardian.com/world/2014/jul/21/government-agents-directly-involved-us-terror-plots-report](http://www.theguardian.com/world/2014/jul/21/government-agents-directly-involved-us-terror-plots-report)

"Nearly all of the highest-profile domestic terrorism plots in the United States since 9/11 featured the "direct involvement" of government agents or informants, a new report says. Some of the controversial "sting" operations "were proposed or led by informants", bordering on entrapment by law enforcement. Yet the courtroom obstacles to proving entrapment are significant, one of the reasons the stings persist. The lengthy report, released on Monday by Human Rights Watch, raises questions about the US criminal justice system's ability to respect civil rights and due process in post-9/11 terrorism cases. It portrays a system that features not just the sting operations but secret evidence, anonymous juries, extensive pretrial detentions and convictions significantly removed from actual plots. In one such incident, the initial basis for a material-support case alleging a man provided "military gear" to al-Qaida turned out to be waterproof socks in his luggage."

#### 5 Outrageous Examples of FBI Intimidation and Entrapment

"In the 10 years since the Sept. 11th attacks, the FBI has expanded its powers, transforming into a massive domestic spying agency. In 2010, the FISA court approved all 1,506 requests by the FBI to electronically monitor suspects. They were also generous with granting "national security letters," which allow the FBI to force credit card companies, financial institutions, and internet service providers to give confidential records about customers' subscriber information, phone number, email addresses and the websites they've visited. The FBI got permission to spy on 14,000 people in this way. Do they really think there are 14,000 terrorists living in the US?"

FBI Agents Often Break Informant Rules

By Dan Eggen

Washington Post Staff Writer

Tuesday, September 13, 2005

Many FBI agents have ignored Justice Department rules for handling confidential informants

that were established in the wake of several high-profile scandals, according to a study released yesterday. In an analysis of 120 informant files from around the country, the Justice Department's inspector general, Glenn A. Fine, found that FBI agents violated procedures in 87 percent of the cases, including some in which informants allegedly engaged in illegal activity without proper oversight or permission. "We found significant problems with the FBI's compliance with the attorney general's guidelines on confidential informants," Fine said in a statement. "We are concerned that the FBI has not taken the necessary steps to ensure that FBI agents and their supervisors adhere to these important requirements."

Why Does the US Government Target Innocent Citizens for Gangstalking? August 22, 2014. [beforeitsnews.com/conspiracy-theories/2014/08/why-does-the-us-government-target-innocent-citizens-for-gang-stalking-2464840.html](http://beforeitsnews.com/conspiracy-theories/2014/08/why-does-the-us-government-target-innocent-citizens-for-gang-stalking-2464840.html)

The NCVC (National Center for Victims of Crimes – VictimsOfCrime.org) which keeps records on statistics reports receiving thousand of citizen complaints per month from around the country related to government gang stalking. It is real and everyone in government and police work are aware it's going on. There is the well-known case of Judi Bari, who sued the US Government and won a \$4.4 million dollar judgement against the FBI for trying to frame her as a terrorist. Her crime was trying to save endangered redwood trees, and being a labor leader and organizer.

Figure 10. VictimsOfCrime.org – Stalking Resource Center. The Bush torture memos specifically cited anti-stalking laws as being exempt from enforcement when "terrorism" was suspected.

Bob Levin is a former FBI agent and a Whistleblower and, as a targeted individual, is a blacklisted investigative journalist. Levin has stated that revelations in his soon to be released publication will be more revealing than Wikileaks. Levin has described in detail his experience with being Targeted and Gangstalked. "Telling the truth and doing my job caused me to survive a US Pentagon assassination, ongoing illegal Cointelpro operations, political persecution, covert and overt acts of torture and terrorism by the deep state. The Bush White House and their jackals outed my clandestine security clearance multiple times, threatened to invent a criminal charge against me if I did not remain silent, punitively withdrew my Social Security Disability Benefits weeks before beginning cancer treatments and orchestrated a former clandestine federal agent and federal felon released from prison to conduct ongoing illegal Cointelpro operations against me that resulted in my being physically assaulted, when near death from cancer treatments, stalking and threatening, and costing me the only job I've held in the private sector since leaving the FBI." - BobLevin.org

(a) A person commits an offense if the person, on more than one occasion and pursuant to the same scheme or course of conduct that is directed specifically at another person, knowingly engages in conduct that:

(1) constitutes an offense under Section 42.07, or that the actor knows or reasonably should know the other person will regard as threatening:

(A) bodily injury or death for the other person;

(B) bodily injury or death for a member of the other person's family or household or for an individual with whom the other person has a dating relationship; or

(C) that an offense will be committed against the other person's property;

(2) causes the other person, a member of the other person's family or household, or an individual with whom the other person has a dating relationship to be placed in fear of bodily injury or death or in fear that an offense will be committed against the other person's property, or to feel harassed, annoyed, alarmed, abused, tormented, embarrassed, or offended; and

(3) would cause a reasonable person to fear:

(A) fear bodily injury or death for himself or herself;

(B) fear bodily injury or death for a member of the person's family or household or for an individual with whom the person has a dating relationship; or

(C) fear that an offense will be committed against the person's property; or

(D) feel harassed, annoyed, alarmed, abused, tormented, embarrassed, or offended.

## Texas Civil Stalking Law

Texas Civ. Prac. & Rem. Code § 85.001. Definitions. (2003)

In this chapter:

- (1) "Claimant" means a party seeking to recover damages under this chapter, including a plaintiff, counterclaimant, cross-claimant, or third-party plaintiff. In an action in which a party seeks recovery of damages under this chapter on behalf of another person, "claimant" includes both that other person and the party seeking recovery of damages.
- (2) "Defendant" includes any party from whom a claimant seeks recovery of damages under this chapter.
- (3) "Family" has the meaning assigned by § 71.003, Family Code.
- (4) "Harassing behavior" means conduct by the defendant directed specifically toward the claimant, including following the claimant, that is reasonably likely to harass, annoy, alarm, abuse, torment, or embarrass the claimant.

Texas Civ. Prac. & Rem. Code § 85.002. Liability. (1997)

A defendant is liable, as provided by this chapter, to a claimant for damages arising from stalking of the claimant by the defendant.

Tex. Civ. Prac. & Rem. Code § 85.003. Proof. (1997)

(a) A claimant proves stalking against a defendant by showing:

- (1) on more than one occasion the defendant engaged in harassing behavior;
- (2) as a result of the harassing behavior, the claimant reasonably feared for the claimant's safety or the safety of a member of the claimant's family; and
- (3) the defendant violated a restraining order prohibiting harassing behavior or:
  - (A) the defendant, while engaged in harassing behavior, by acts or words threatened to inflict bodily injury on the claimant or to commit an offense against the claimant, a member of the claimant's family, or the claimant's property;
  - (B) the defendant had the apparent ability to carry out the threat;
  - (C) the defendant's apparent ability to carry out the threat caused the claimant to reasonably fear for the claimant's safety or the safety of a family member;
  - (D) the claimant at least once clearly demanded that the defendant stop the defendant's harassing behavior;
  - (E) after the demand to stop by the claimant, the defendant continued the harassing behavior; and
  - (F) the harassing behavior has been reported to the police as a stalking offense.

(b) The claimant must, as part of the proof of the behavior described by Subsection (a)(1), submit evidence other than evidence based on the claimant's own perceptions and beliefs.

Tex. Civ. Prac. & Rem. Code § 85.004. Damages. (1997)

A claimant who prevails in a suit under this chapter may recover actual damages and, subject to Chapter 41, exemplary damages.

Tex. Civ. Prac. & Rem. Code § 85.005. Defense. (1997)

It is a defense to an action brought under this chapter that the defendant was engaged in conduct that consisted of activity in support of constitutionally or statutorily protected rights.

Tex. Civ. Prac. & Rem. Code § 85.006. Cause of Action Cumulative. (1997)

The cause of action created by this chapter is cumulative of any other remedy provided by common law or statute.

### The Nazi Stasi Academy (NSA)

Generally known as the National Security Administration. According to former military intelligence agent, William Cooper, the NSA was founded by Presidential Executive Order and is exempt from all United States laws, unless Congress specifically writes a law that identifies the NSA by name. This is clearly unconstitutional and illegal.

A little more about the NSA's Tailored Access Operations, TAO division, because the electronic hacking is sophisticated and must be available on-call, for new devices that the target individual might purchase. This on-call service for hacking electronic devices is the signature of the TAO, headed by Rob Joyce. Although some news articles indicate that the CIA and FBI are attempting to develop their own capabilities in this area because the NSA will sometimes not provide the support that is requested.

From Spiegel Magazine:

“One of the two main buildings at the former plant has since housed a sophisticated NSA unit, one that has benefited the most from this expansion and has grown the fastest in recent years -- the Office of Tailored Access Operations, or TAO. This is the NSA's top operative unit -- something like a squad of plumbers that can be called in when normal access to a target is blocked.”

“According to internal NSA documents viewed by SPIEGEL, these on-call digital plumbers are involved in many sensitive operations conducted by American intelligence agencies. TAO's area of operations ranges from counterterrorism to cyber attacks to traditional espionage. The recruitment strategy seems to have borne fruit. Certainly, few if any other divisions within the agency are growing as quickly as TAO. There are now TAO units in Wahiawa, Hawaii; Fort Gordon, Georgia; at the NSA's outpost at Buckley Air Force Base, near Denver, Colorado; at its headquarters in Fort Meade; and, of course, in San Antonio.

But it is the growth of the unit's Texas branch that has been uniquely impressive, the top secret documents reviewed by SPIEGEL show. These documents reveal that in 2008, the Texas Cryptologic Center employed fewer than 60 TAO specialists. By 2015, the number is

projected to grow to 270 employees. In addition, there are another 85 specialists in the "Requirements & Targeting" division (up from 13 specialists in 2008). The number of software developers is expected to increase from the 2008 level of three to 38 in 2015."

The military recently ordered 30,000 new drones. What war is this being used for? Guess what these drones will actually be used for? Some Targeted Individuals reported having their cars followed, and having seen these drones flying outside of their house. In one interview, the woman described the winged-drone following her for more than 100 miles on the freeway, regularly hitting her with microwaves. It is incredible to me that anyone working for the government and sworn to defend the United States Constitution, would show up for work everyday and commit Treason and War Crimes against innocent United States civilians. But it is clearly happening. There are also Federal and State Laws against stalking. These government criminals think that the laws do not apply to them. See Dept of Defense 5240.

I do not know if this list is legitimate, or what methods are used to protect innocent people. But the fact that it exists, is disturbing. [www.whosarat.com](http://www.whosarat.com)  
The site claims to list undercover agents and informants, mostly from courtroom records.

The Examiner recently ran an article on criminal behavior of the FBI, demonstrating how they were Targeting Individuals using the "Watch List." Basically, this means all complaints filed by a Targeted Individual will go through a special call center for suppression and denial.

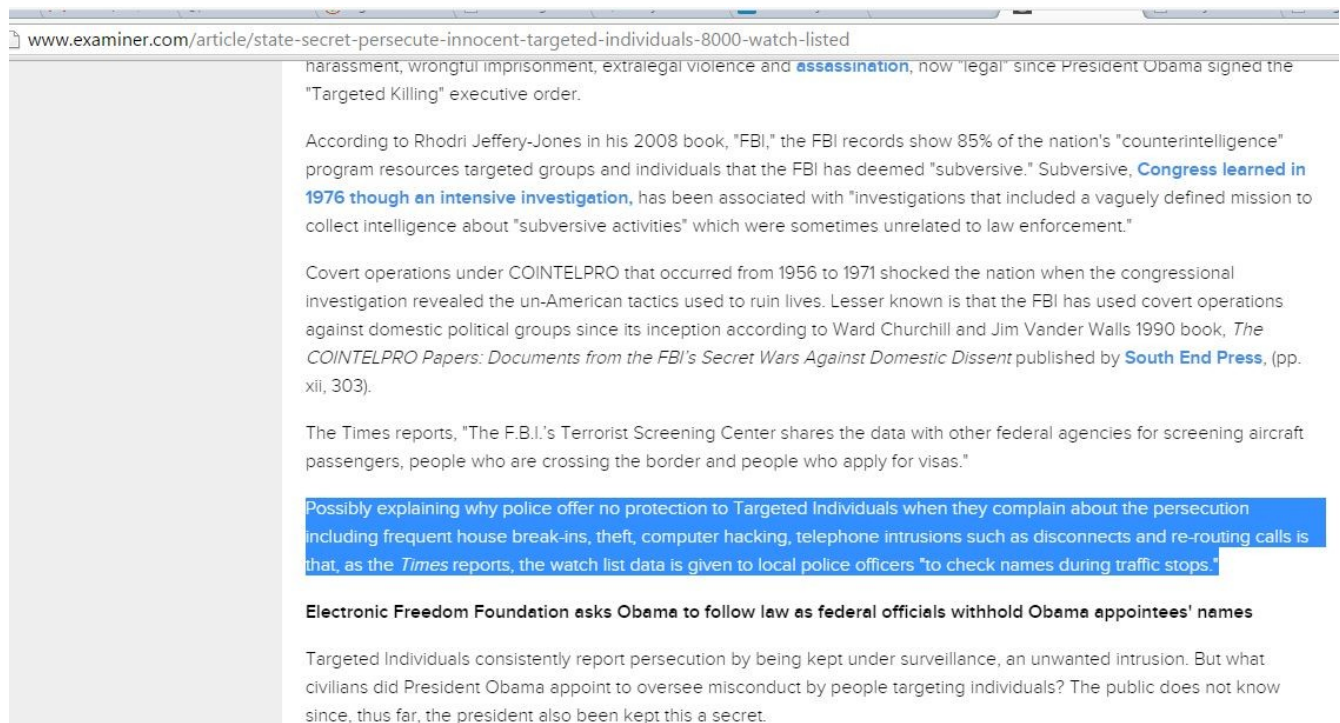

Figure 14. Police offer no protection to Targeted Individuals when they complain. More than 100,000 people have been placed on "Watch List" in the US.

## Hearing Voices – Patented Technology

There are a number of technologies that have been patented and proven to alter brain waves, including to put “voices” in your head. These people are not crazy. By microwaving your head, the soft tissue in the inner ear is heated up (literally cooking it) and it will develop the ability to transmit certain high frequencies to the brain. This must be repeated continuously or during sleep periods for several months to develop the condition. In other words, the microwaves can transmit certain frequencies that only the targeted individual can hear. This technology was developed under the CIA's MK-Ultra program. Congress told the CIA to stop this research, but they never did. There are a number of patents that demonstrate this technology. One targeted individual has reported Synthetic Telepathy – this means that what the person “sees with their eyes,” is transmitted to another person. The technology seems to work using the same frequencies that are used for microwave harm. Approx. 3921 MHz is the carrier wave. They use this frequency to train your brain to operate and respond in a certain way. Again, this takes many months. This technology was also developed under the CIA's MK-Ultra program, which is on-going. UC Irvine is one university that received funding to develop this illegal technology. The technology can only be performed between the target and the trained exploiter, and cannot be transferred to a third person. It is clear, this is another “guinea pig” technology that the CIA is currently developing. In practical terms, it is far too expensive and time-consuming to be deployed on a large scale. But as long as the Rockefellers continue to fund this horrific research, there will be CIA agents that are willing to do the criminal work. Truly sad and pathetic.

Another method is used primarily while you are sleeping, to burn frequencies into the soft tissue of the inner ear – and your brain develops the ability to hear certain radio frequencies that no one else can hear. Note that Aaron Alexis, the Navy gunman, claimed that he was affected by ELF waves, but this was really an FBI psyop to provide disinformation. Some ELF frequencies may be used to generate an emotional response in the range of 3 to 35 hertz, and can travel through almost any wall or material. Some frequencies have been related to depression, anger, and other negative emotions. These can be defeated by listening to binaural beats or isochronic tones at 7.83 Hz. In my opinion, these technologies are a War Crime, as they are designed to induce torture in the targeted persons. The Geneva Convention is very clear about the definition of War Crimes and targeting civilians. Again, these programs are being carried out under “Alternative 2” and “Alternative 3” as directed by the Bilderberg Committees. David Rockefeller is a founding member of the Bilderberg Group, the Trilateral Commission, and the Council on Foreign Relations. In William Cooper's talks (see youtube), you may have noticed the large number of people involved with the National Security Council that are also members of the Council on Foreign Relations (CFR). David Rockefeller has been the head of the CFR for many years.

14. US Patent #5,562,597, Oct. 8, 1996. Method and Apparatus for Reducing Physiological Stress. Inventor: Van Dick, Robert C. EPI294
15. US Patent # 5,586,967, Dec. 24, 1996. Method and Recording or Producing Sounds and Messages To Achieve Alpha and Theta Brainwave States in Humans. Inventor: Davis, Mark E. EPI296

If you are targeted, Dr John Hall recommends using mp3 players or your iphone to continuously listen to binaural beats or isochronic tones at 7 to 8 hertz. This seems to disrupt

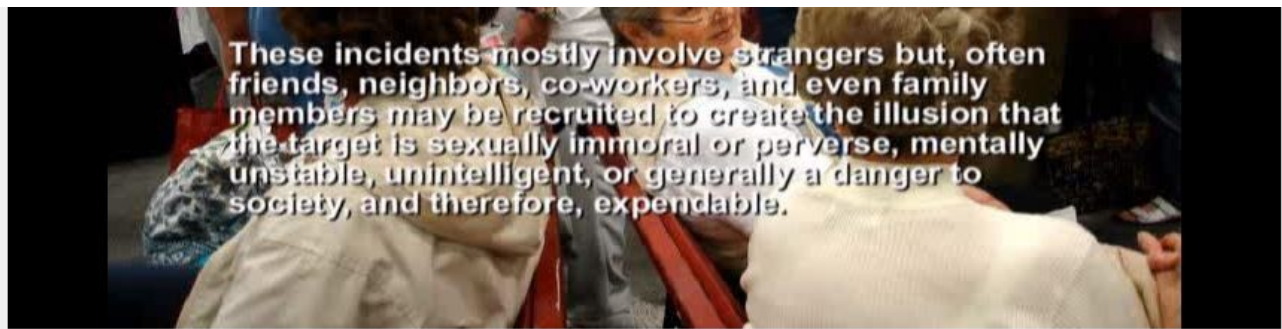

their ability to target the soft tissue in the inner ear for “hearing voices”. If you are targeted and develop “hearing voices” - ignore everything that is said to you. Do not follow instructions or any promises. Ignore and do not respond to anything, either verbally or mentally. Any response will simply entrain the brain even more. Ignore everything that is said mentally. I recommend reading Dr John Hall's two books for more information - “Satellite Terrorism in America,” and “Guinea Pigs.”

Hacking of mp3 music players, and other electronic equipment – one person reported that 6 different portable mp3 players had been disabled within a 2 month period of time. Any electronic device with a battery was particularly susceptible. Blood pressure monitors, tv remotes, mobile phones, battery-powered lights, etc. It is highly unlikely that all of these battery-powered devices would malfunction at the same time. This appears to be part of the harassment and targeting – which is sometimes called gangstalking (Reference 2).

“Mind Games: New on the Internet:” a community of people who believe the government is beaming voices into their minds. They may be crazy, but the Pentagon has pursued a weapon that can do just that; This is the story of Harlan Girard. By Sharon Weinberger; Washington Post; Sunday, January 14, 2007. Sharon Weinberger is a Washington writer and author of “Imaginary Weapons: A Journey Through the Pentagon's Scientific Underworld.”

It has been suggested by some websites that these same microwave frequencies or ELF waves can be loaded with subliminal messages. As a protective measure, Seth has recommended repeating this: “I will only react to constructive messages.” It is particularly effective when repeated at bedtime. This way, the individual is programming yourself to reject negative and destructive messages.

“If you tell a lie big enough and keep repeating it, people will eventually come to believe it,” Joseph Goebbels, Adolf Hitler's chief propagandist notoriously but accurately stated. “The lie can be maintained only for such time as the State can shield the people from the political, economic and/or military consequences of the lie. It thus becomes vitally important for the State to use all of its powers to repress dissent, for the truth is the mortal enemy of the lie, and thus by extension, the truth is the greatest enemy of the State.”

## Conclusions

We have described some of the technical details of a horrific, CIA-funded program which likely originates from the Council on Foreign Relations. The CIA developed these disturbing projects through the MK-Ultra program. Your awareness can help to get these programs stopped.

### Martial Law

The U.S. Senate recently passed the National Defense Authorization Act with a vote of 93 in favor and seven opposed, which implemented martial law in the United States. It also nullifies the Bill of Rights and Posse Comitatus, which prohibited the military from policing civilians in the U.S. since 1878. The NDAA codified into law the power of the U.S. military to indefinitely detain an American citizen with no charge, no trial and no oversight whatsoever. Of course, the Act was justified by the fictional War on Terror, despite the fact that no major terrorist attack has occurred in the United States since 9/11, which itself was a false flag operation. A little research by the 93 senators would have quickly revealed that bee stings, being hit by lightning, medical malpractice, car accidents, cancer, hot weather, heart disease — all of these things are much more likely to harm you than a terrorist attack.

Readers are encouraged to research these programs and form their own opinions.

6. Seth (Jane Roberts), Session 163, 1965; "Suggestions given by an individual on any kind of a conscious basis have to be given with the cooperation of the ego. Many suggestions bypass the ego entirely. Suggestion however, as you think of it, operates both ways. This is not usually understood. Suggestions may come therefore from the physical world, to act upon the personality. Suggestions may also come from within the personality to act upon the

physical environment. You can indeed to a large measure train yourself to react to constructive rather than impeding suggestions. This merely means that you will, or may to some extent, choose the direction in which action within you will move. This also implies that some part of the personality does the choosing, and is capable of distinguishing a constructive suggestion from an impeding one. And here it is necessary that we discuss more thoroughly the nature or characteristics of constructive suggestions versus impeding ones, for one may turn into the other."

7. Seth (Jane Roberts), Session 222, 1966; "...you simply need the suggestion that you will only react to constructive suggestions."

8. Seth (Jane Roberts), Session 319, 1967; "The constructive suggestions before bed are particularly important, and the request for therapeutic dreams, as these automatically relieve the morning symptoms..."

### Another Threat to Frame Me

Looks like I am experiencing another round of them trying to frame me as a pedophile! They had a poor puppet kid follow me in a store at around 8:10pm this evening. This was all so obvious that it is probably just to scare me. Its just too horrible that they use kids in their manipulations. I really felt bad for this one, because I had to angrily scold him saying, "STOP following me!"

Mary

"For the most part I believe it's all about the money. The Homeland Security Dept. has created what they call an interoperational program that integrates communications between volunteer groups they solicit and government run agencies. From Neighborhood Watch programs to fire depts., emergency first responders, police, and FBI. It creates a spy community on the local, national and even international level."

"This is a statement from homeland security Citizen Corp volunteer program. They provide training to be "better prepared to respond to the threats of terrorism, crime, public health issues, and disasters of all kinds" Citizen Corp partners with many other community volunteer programs such as Neighborhood Watch to volunteer police programs and probably the FBI volunteer program. All of these programs are funded thru the government and many if not all are eligible for grants from the government. Below are links to these programs."

"So how does a TI get listed? Well these programs need justification for continued funding and lets be honest with the drop in crime rates and statistically finding a terrorist at a local level it opens up the doors to offer up the heads of many innocent people (many TIs) all in the name of money. It becomes easy access for any vindictive personalities involved in any of

these interoperability programs and at a local level. I got caught up in between a Neighborhood Watch neighbor and the local police. What was my crime? The best I can figure is I witnessed my neighbor's husbands leaving her. When she brought harassment of the local police dept on me I complained to the chief of police."

"So how do these programs get all these volunteers to devote their time in gang stalking and solicit more volunteers? Easy, you get tagged with hot button issues like pedophiles, drug dealers and rapists. There are other reasons as well but I believe this to be the major group of volunteers. Since your most likely not a terrorist, you get tagged usually and it seems most predominately as a pedophile. Which doesn't even make sense statistically when applied against the general population stats. Offer people an opportunity to think they are doing something self righteous and I think most will jump at it. For the most part I believe most gang stalkers are duped with manipulation and misinformation."

"My feelings are to become a gang stalker you have to suspend belief. You have to believe that our law enforcement agencies are so incompetent that they cannot entrap a drug dealer, catch a rapist with todays technology and believe your community has the largest population of pedophiles to ever be recorded historically."

"I am your average citizen with no criminal record, yet I am being tracked with gps on my vehicle, my cell phone is tapped, gang stalked, of course internet tracking, and the new element of tracking by air when I am local and on foot. Also the more vocal I get, the more their tactics seem to escalate. It boggles the mind to comprehend the amount of unwanted and extraordinarily expensive attention these programs can generate against one individual until you realize they are making money on TIs."

### APPENDIX

I am a government whistleblower – see my ebooks about the criminal acts of the CIA and FBI. Readers are advised that the NSA may be blocking or restricting access to some of my ebooks, especially outside the United States. Readers are further advised that digital tracking tags may have been placed in my ebooks. It may be best to download from Apple Books, if possible. Note how slowly the jpg's load into the ebook when viewing. The content of some ebooks may have been altered – still trying to monitor this.

Readers are advised to review the website [drjudywood.com](http://drjudywood.com) which provides compelling

evidence about 9-11. Dr Judy Wood and Dr Morgan Reynolds, university professors, filed lawsuits against the US Government for fraud and conspiracy about 9-11. Dr Woods scientific presentation is available at youtube. Readers are also advised to see the movie "Sirius" by Dr Steven Greer, M.D. It is available for free on Netflix, where it is the #1 documentary, and to watch the youtube videos by the Honorable Paul Hellyer, former Canadian Minister of Defense. He has a book titled, "The Money Mafia."

Also, find my brief educational videos on youtube (Some have been blocked from the search engines).

For more than 4 years, this author has been stalked, harassed, and threatened by US Government agents from the CIA, FBI, and NSA - because of the content of these ebooks. My home has been broken into, repeatedly. In May 2014, my girlfriend was drugged and kidnapped from LaGuardia airport. This is not a joke. My computer, phone, and alarm system have been hacked, including those of my friends and family. It is truly sad and pathetic, these agencies have become criminal organizations. If something happens to me (disappearance, false criminal charges, sudden accident, etc. - my readers can be certain that the FBI and CIA were involved. In my opinion, the Council on Foreign Relations (CFR) is behind these criminal acts. David Rockefeller has been the CEO and Chairman for many years.

This new video is defenately worth watching. It goes through the most basic and well-known info on the argument "Targeted Individuals", but also it brings up the topics of cybernetics and transhumanism stripping away that aura of paranoia rotating over the community. Targeted Individuals are crazy people no more, but simply victims of modern social control. Seat tight and.. "enjoy": [www.youtube.com/watch?v=UWvv2Xq8Ecl](http://www.youtube.com/watch?v=UWvv2Xq8Ecl).

1. AN ANNOUNCEMENT TO THE WHOLE WORLD BY OVER 50 CHINESE VICTIMS

55. INDICTMENT SIGNED BY 67 OF CHINESE VICTIMS – ACCOUNTABILITY OF MR. GENG HUICHANG,

ONE OF THE LEADERS OF THE NATIONAL SECURITY SECTOR OF CHINA

It is our responsibility to record and alert the world to these horrendous crimes – and the extreme danger

that these technologies, powers and tendencies pose to human rights, liberty, democracy, privacy and the

mental and physical freedom, individuality, integrity, health and growth of all people – in all their “infinite?”

richness, degrees, dimensions, aspects, qualities and diversity!

Make no mistake these are the most horrendous totalitarian weapons and crimes imaginable and the people

and organizations using them are mass-murdering conspirators pursuing totalitarian fundamentalist

schemes.

Beware of the brain and gene phrenologists/determinists/reductionists, and those who seek to control and

reduce the range, quality and diversity of human thoughts, imaginations, senses, sensibilities, moods,

attitudes, speech and psycho-physiologies – the would-be socio-economic, cultural AND

PSYCHOLOGICAL/INTELLECTUAL/ PHYSIOLOGICAL monopolists, monoculturalists, police and

prosecutors who are already literally and physically actively at work amongst us!! Both monstrously and

criminally, and also far more insidiously.

And beware of this dumbing-down, disenfranchisement, degradation and monoculturalisation caused by the paucity and total degradation of public information and discourse, and the subsequent and consequent degradation and destruction of previously autonomous cultures, professions, fields of human endeavour, memories, and intelligences.

WE ARE BEING FORCED, COOPTED AND TRICKED INTO AN ORWELLIAN FASCIST/NAZI POLICE

STATE – EVERYWHERE ON EARTH! – as most ‘News’, ‘Events’ and ‘History’ has been degraded into

criminally produced and managed dramas/atrocities (i.e. wars, disasters, civil strife etc.) and criminally

presented as infotainment, endogenous socio-political changes, propaganda, and/or criminal lies. And as

almost all other public discourses including the ‘scientific’, ‘academic’, and ‘arts/culture’ has been degraded

into criminally produced and managed infotainment, propaganda, pseudo-science, and/or specious,

tendentious or folkloric productions and discourses.

BEWARE OF THE PSEUDO-SCIENCE NAZIS – THE ENEMIES OF FREE AND OPEN INFORMATION

AND DEBATE, ACCOUNTABILITY, REVIEW AND REGULATION.

NOT TO MENTION THE NUTCASES PURSUING SUCH FRANKENSTEIN-SCIENCES AS THE

TRANSGENIC, AND THE “BLENDING” OF THE TECHNOLOGICAL AND BIOLOGICAL–EVEN AS

RECORD BIODIVERSITY AND CULTURAL DIVERSITY DESTRUCTION IS DONE.

PLEASE WITNESS AND RECORD AND OPPOSE ALL OF THE ABOVE CRIMES, AND ASSIST US

URGENTLY!!

Melinda Kidder, Columbia Investigations, (573) 445-6636, works as a CESCO (sp?) Certified/environmental scanner specialist, in addition to being licensed fully educated and qualified private investigator, who is an expert on dealing with targeted individual cases. [https://www.columbiainvestigations.com/Home\\_Page.html](https://www.columbiainvestigations.com/Home_Page.html) she has military/police scanner, implant and signal tester she wants to use, in addition to other investigation work, tracking down witnesses and evidence. Also, Shawn Abrall, will also be using her for other targeted individuals when she visits for my case, we got like 10 people who want scanned. Also, Shawn has been running big meetings up in Seattle, where targeted individual conventions have been held within recent months. I have also been in contact with tons of victims, from Oregon. There's people up in Keiser, in Eugene, and Portland. Melinda says the sooner you hire her the better, like now, because travel is cheaper and costs lower.

Jennifer Maghinay, Maghinay Investigations, (503) 551-0239, Oregon licensed private investigator. Works with Melinda Kidder, required for Melinda to work under license in Oregon. Gotta hire both. <http://www.maghinayinvestigations.com/index.html> Says she works with the courts, knows about low pay issue. Contact her to discuss fees and payments, she awaits your call.

Pepe Santana, PhD psychologist from Colorado, expert on coercive mental health treatment, dehumanizing and institutionalized mental health treatment. Me and him have spoken, and he says he wants to go back to my diagnosis and doctors reports that said I had just adhd/depression, before the weapon was used on me and I was set up, and he says he can help restore my civil rights, and make an evaluation based on abuse I went through.

Pepe Santana, Ph.D.  
Licensed Clinical Psychologist  
90 Madison St. Suite 402  
Denver, CO 80206  
[720-272-0565](tel:720-272-0565)

There are a few other choices if Pepe Santana doesn't work out. Toby Watson is available, but I haven't spoken with him, too much. I also know a psychiatrist and another psychologist, both across the country, who do this type of work. I can look them up later if need be.

Cathy Meadows, M.A., Clinical Psychology, Expert on Whistleblower Retaliation and Covert Surveillance and Harassment is also available. I already paid for a report by her, which I gave you a copy of. She does not believe I have schizophrenia, and believes I am in fact a targeted individual and experiencing covert harassment and surveillance. She documents the voice to skull military weapon in her report, and you can

I just spoke to her today, and she's writing a letter for the court in Portland (Federal Habeas Corpus). We can hire her for court testimony, and she will travel. Her phone is: (707) 720-7137, and her website is: <http://targetedindividuals.webs.com/>

I totally trust Cathy Meadows, and she has aided people in getting restraining orders, and done evaluations for military personnel before who were retaliated against for refusing to participate in a mind control experimentation project. The women in the military got to keep her classified access because of Cathy's report.

Derrik Robinson, Director of Freedom From Covert Harassment and Surveillance, who had been in the media, travels the country, runs conferences about this issue, and does advocacy, says you can contact

Mail - Hi andrew, private investigator and other contacts

him any time at phone number: (513) 568-1635, and he can provide info, contacts, and testimony on the issue.

Shawn Abrall, General Counsel to Freedom From Covert Harassment and Surveillance is representing me, and can provide aid, info, etc. (971) 258-0333

I have a neurologist in Portland who can discuss my brain injury, and how he thinks OSH hurt me. Dr. Glen Zielinski, (503) 850-4526, still undergoing tests at his office.

Locally, I have two counselors, Ron Unger who is director of mindfreedom international Lane County chapter, and Cheryl Haun, both at Center For Family Development. Cheryl believes my problem is mostly trauma related, due to state and police abuse, rather than paranoia or delusions. Ron is my new counselor, who does not believe in OSH or coerced treatment. He specializes in treatment for psychosis without medication, and he has told me that the patent for this mind control technology is "wow". I think he will be there to help say if my ideas and info are credible or not. Mindfreedom is a United Nations accredited human rights group with consultative roster status, and I am blessed to have their support. We are also working on a protest against OSH... <http://www.mindfreedom.org/>

I have contact with an attorney in Alaska, Jim Gottstein who has worked on lawsuits against illy lilly and runs I think the psych rights movement. He says my attorney's can contact him any time about my case, and he might be available to take my case in February, 2014. Jim had exposed in 2007 that Zyprexa was known to be dangerous before it was ever on the market, and some documents were leaked from illy lilly that showed they suppressed this information in order to get the drug approved. I have spoken to Jim about my case, and having it found unconstitutional to ever force medicate or treat a person, on an 8th amendment

Jim's number is (907) 274-7686..

<http://www.mindfreedom.org/personal-stories/gottsteinjim>

Dr. Bill Walter, locally, is investigating my injury, and has documentation on the high CK in my blood, from 12/03/2013. He is doing a referral to neurologist in Portland, Dr. Brooke Walter, at Oregon Clinic .. basically, I will get more and more proof that I have severe brain and muscular injury, with no record of it at OSH... prove that they have been torturing me with this weapon, and covering it up. Dr. Bill Walter may have ties to some doctors involved however, including county doctors, and I have seen some suspect behavior. The results are available, but I am not sure without other doctors looking at it, if he's doing everything appropriately. I am seeing him because he's on the mindfreedom international website as a provider only. Phone number for info about high CK, referrals, and getting other tests done for the legal case: 541-342-4520. He may have odd behavior due to my website, or having involvement with Lane County Community Clinics, Dr. Karen Woodson, and others from RiverStone who helped sabotage me for the state in 2010, basically they were fully in on it, the gang stalking, and state abuses.
