

FROM THE PRESIDENT

SCAMMER ALERT We want to make our coaches and families aware of a recent email scam in which individuals are impersonating the club and using my name to request assistance purchasing gift cards. While these messages may look like they are coming from PSJ United, the actual originating email address is not associated with the Club. Please be cautious with any unexpected request for gift cards, money, or financial information.

PSJ United will never ask anyone to purchase gift cards or provide financial information outside of our official GotSport registration and payment system.

If you receive a suspicious message, please do not respond or make any purchases; when in doubt, contact myself or one of our Board member directly to verify the request.

THE DOC CORNER

Let's Enjoy the Game!

Whether a player participates in **Recreational** or **Competitive Soccer**, our goal is the same: to create an environment built around **FUN, FRIENDSHIP, GROWTH, and A LOVE FOR THE GAME!**

Every player should have the opportunity to enjoy the game, develop their skills, build confidence, challenge themselves, and create lasting friendships. The difference is simply the level of commitment and competitive challenge—not the importance of the experience.

Players should come to every training session and game ready to **learn, compete, try new things, support their teammates, and give their best effort**. Coaches should provide a **positive, challenging, and inclusive environment** that helps every player grow at their own level, while parents should **encourage, support, and celebrate effort, development, and enjoyment** rather than focusing solely on results.

Together, players, coaches, and parents create a soccer environment where **everyone belongs, everyone can grow, and everyone can fall in love with the game.**
