PORT ST JOHN SOCCER CLUB NEWS & UPDATES

October 13, 2026

FROM THE PRESIDENT

One of the most important parts of building a strong soccer club happens beyond the field: **the relationships we develop with the people and organizations who help make our program possible.** Over the past several years, PSJ United has worked hard to establish a strong partnership with Brevard County Parks and Recreation, who have consistently worked with us to address field conditions, repair infrastructure, improve lighting, and maintain our complex. While we recognize that field conditions have not always met our expectations, many of these challenges stem from infrastructure issues and circumstances that take time and resources to resolve. We appreciate the county team's continued efforts to address these concerns and work with us within the resources available.

As frustrations arise, I ask our families to continue approaching these challenges with patience, professionalism, and respect. Our club maintains direct communication with Parks and Recreation staff, allowing us to raise concerns, advocate for improvements, and work collaboratively toward solutions. **We can best serve our players by being part of the solution, preserving the partnerships we've built, and continuing to work together to make our fields the best they can be.** Setting the standard of play means setting the standard in how we represent our club and community, too.

RECREATION UPDATES

Look How Far We've Come!

As our season continues, we encourage our parents and players to take a moment to look back at Week 1 and reflect on just how much growth has already taken place. Then, look ahead at how many weeks we still have to learn, improve, and grow together!

By the end of the season, every team will have accomplished something special. That accomplishment may look different from team to team, **but every player will have grown, learned, and achieved something to be proud of.**

Enjoy this time, celebrate the small victories, encourage your players, and most importantly—**keep the positivity going!**
