

WORK WITH US!

A FOUNDATION FOR EASTLAKE PUBLIC SCHOOLS SINCE 1995

Programs

Technology and innovation grants are provided to 7 EASTLAKE Schools. Each year funds are raised through the Come Together Community Campaign and Taste of EASTLAKE. Over \$3,000,000 has been given so far.

STEAM (Science, Technology, Engineering, Arts, Math) programs are offered for all grade levels, both in and outside of the classroom. Additionally, the EEF funds teacher grants to support their unique ideas for innovation in their classrooms.

The EEF offers paid internships for EASTLAKE High School Seniors.

EASTLAKE +, A Positive Podcast is produced in the EEF studio at EASTLAKE High School. Podcasts highlight the positive stories and resources in the education community and are offered with video or audio options on all streaming channels.

The EEF is the official organizer for EASTLAKE Alumni & Friends. A community of volunteers working together to support a positive culture and develop a sense of history in Eastlake that benefits the whole community.

The EEF is a bridge between the community and schools. Through partnerships and volunteerism, we are able to bring unique resources and opportunities to the EASTLAKE community.

WHO IS THE EASTLAKE EDUCATIONAL FOUNDATION (EEF)?

The EEF was founded in 1995 by the EastLake Development Company, concerned parents and educators who realized that technology would continue to expand and evolve. The EEF provides resources to public schools in order to keep up with the changes that technology has had and will continue to have on teaching, learning, and how we live our life.

The goal to support technology and STEAM programs has never been more relevant than it is today and remains our top priority. The EEF also provides programs that benefit the educational community.

Our Mission

In collaboration with the community, the EastLake Educational Foundation provides educational resources for programs that support EastLake public schools, ensuring students can succeed in a technology-driven world.

Our Vision

The EastLake Educational Foundation believes that children with equal access to technology today will unleash the genius and innovation the world needs tomorrow.

Leadership

Led by an all volunteer Board of Directors and an Executive Director.
