

# Musical Theatre

(suspended for 2020/21 due to Covid 19)

An exploration of Musical Theatre combined with basic training in voice, dance and acting.

Song and Dance is offered to 5 through 8 year olds. Classes combine basic stage dance steps and simple vocal exercises, explore the use of imagination and culminate in a song and dance routine for our Open House and Recital.

Musical Theatre for ages 9 and up is recommended for students taking a minimum of one jazz class per week. Classes involve comprehensive exercises designed to help the dancers reach their "triple threat" potential in singing, dancing and acting.

Students meeting the requirements for competition participate in Musical Production.
