WHAT SIDE ARE YOU ON?

Those who support Zelensky via <https://www.ifw-kiel.de/topics/war-against-ukraine/ukraine-support-tracker/>

- 40 countries from the EU and G7 members, South Korea, Australia, Turkey, Norway, New Zealand, Switzerland, Taiwan, China, Taiwan and India.
- The International Criminal Court who indicted Putin and his associates for war crimes.
- Humanitarian coalitions, NGOs, the Ukrainian jurisdictional courts, working on the Tribunal for Putin; and the sanctions committees.
- Estonia, Latvia, Lithuania, Germany, Poland, the UK and the United States.

Supporters of Putin are terrorist states: Iran, North Korea and China – our enemies. Putin is funding Hezbollah and supported Assad in Syria. Ongoing presence in Syria and Africa.

Europe understands what “peace” looks like under Putin. What Russia needs is not appeasement. It needs a path to democracy.

SAVE UKRAINE, PRISONERS VOICE, AND THE CENTER FOR CIVIL LIBERTIES

- Save Ukraine conducts extraction and rescue of the forcibly removed children into Russian camps. <https://saveukraineua.org/>
- [2022 Nobel Prize Recipients](#) CCL's goal is to bring Putin to a tribunal, and for Western model of peace.
- Prisoner's voice works to free kidnapped and incarcerated individuals in Russia, most are activists. All want reparations for Putin's war crimes. <https://ccl.org.ua/en/>

This is what Save Ukraine had to say:

“We have a right to our lands, our culture, our religion, our language, our businesses, our accomplishments, our art, our history and our own language. We have the right to govern ourselves and the right of oversight. Not what Putin wants for us. We have the right to join NATO and the European Union. We have the right to not be attacked and our children stolen, our lands burned.”

“Now is the moment where the world decides, what kind of world it wants to live in. One of totalitarianism and all that comes with that. Or, one of justice, freedom and liberty.”

Do you choose freedom or totalitarianism?

SLAVA UKRAINI

The Ukrainian people are a highly intelligent, civilized, peaceful and religious people. They have the fierce fighting spirit that we have lost. Yet we SLANDER them while they die fighting a terrorist state, who is sponsored by other terrorist states, all of whom are our enemies.

Why is it okay for the American fringe to say that Ukrainian lives don't matter, that their contribution to the world doesn't matter, that their children don't matter? That they are dispensable. Why do some Americans believe that Putin is now going to save the world from immorality, when he is one of the most Murderous tyrants in history?

The answer is the effectiveness of Russian propaganda in our media.

OPEN SOURCE INTELLIGENCE WILL CONVICT PUTIN OF WAR CRIMES. We've never had this opportunity like now to present the truth and dispel the lies.
