1. Introduction

In this document, you will find the rules and regulations that will govern the 2026 World Cup, a UTTC-sanctioned event. In all cases, we endeavor to ensure all participants have the best possible experience under the fairest and safest conditions.

2. Expectations of Behaviour

The Tournament Director, Director of Officiating, and referees reserve the right to disqualify any competitor if there is unfair play or poor behaviour by any parties affiliated with the competitor. Any derogatory language from masters, coaches, parents, and teammates will not be tolerated. Threats to any official, volunteer, parent, or other competitor will not be tolerated. Those associated with the offending competitor may also be expelled from the venue.

3. Expectations for Officials' Behaviour

UTTC referees, assistant referees, and corner judges have been through numerous training seminars. They are instructed to conduct themselves fairly, unbiasedly, and professionally.

4. Overseeing of Tournament Judging

*Masters, coaches, instructors, or spectators shall not approach the head table or corner judges during the process of an ongoing match, unless they have been invited by the referee or the Director of Officiating. All scoring will be kept confidential unless the Director of Officiating requests a release of scores.

Sparring

The Marshal will monitor all corner judges and referees. The Marshal will ensure that appropriate attention is paid to all competition within their area of responsibility. If the Marshal feels that any of the corner judges or referees are not acting in a fair and unbiased manner, they are empowered to address the issue with the individual in question and remove that person from their duties. They will immediately inform the Director of Officiating of the incident, who will follow up as necessary.

Corner judges will use their discretion on the appropriate space needed to perform their duties. They may request people to move or be seated around the ring. If the corner

judge's requests are not respected, minus points, disqualification, or ejection of the competitor may occur.

Patterns

The Referee responsible for each pattern event will ensure that each judge makes a fair and unbiased decision for every competitor. If there is a problem or concern with any individual judge, the referee is empowered to address the issue with the judge concerned, remove them from their duties, and immediately inform the Marshal and/or the Director of Officiating of the incident. Upon review of the information received, the Marshal or Director of Officiating will speak with the individual in question and address the situation in a manner he/she deems appropriate.

5. Appeals

- Disputes regarding a decision can only be presented by the competitor's Instructor/Coach immediately following the disputed match.
- The dispute will be brought to the Marshal or the Director of Officiating.
- Each Instructor/Coach will be allowed two appeals throughout the tournament at no charge.
- Subsequent appeals will be levied \$150 CDN. If the appealing Instructor is successful, the \$150 CDN will be refunded.
- The Marshal or Director of Officiating will gather all information, review the decision made by the officials of the match in question, and make a decision that will be final in all respects. This decision will be made within a reasonable timeframe, and the Instructor/Coach will be informed.

6. Officials' Attire

Marshals, referees, assistant referees, and judges will be dressed in professional and/or athletic straight-leg black pants, a designated UTTC shirt, and comfortable black or white non-marking footwear.

7. Dimensions of Ring

The ring sizes shall be 7 metres x 7 metres with a 1 metre border.

8. Patterns

When judging patterns between head-to-head competitors, judges will choose a winner upon completion. The referee will call “JUDGES READY,” and the officials will cross their arms in front of their chests to signal they are ready. The referee will then call “SCORE”. In a quick and decisive motion, the judges will signal their choice of winner. If the winner is the left competitor, the left arm will go up; if the winner is the right competitor, the right arm will go down. The competitor with the most votes wins. Three or five officials will judge patterns.

Scoring of Patterns

As patterns vary from organization to organization, they will be judged on stances, power, balance, and flow. Each judge will assess the competitors and determine a winner based on those criteria.

- Competitors must declare the pattern they are performing before the start of their match.
- Colour belts must perform their own ranked pattern or one below their current rank.
- Black belt competitors will not be allowed to perform patterns above their rank.
- If a competitor chooses an ineligible pattern, they will be given 20 seconds to declare an eligible pattern, or they may be disqualified.

1st Dan Patterns	2nd and 3rd Dan Patterns	4th Dan+ Patterns
Choong Moo Gwang Gae Po Eun Ge Baek	Choong Jang Ko Dang Eui Am Juche Sam Il Yoo Sin Choi Yong	Ul Ji Moon Moo Yon Ge So San Tong Il Se Jong

- All other styles must perform their own ranked patterns.

9. Placement of Officials and Competitors for Sparring

The ring will be officiated by a referee and at least three judges for continuous sparring and two judges for point sparring. Judges can be seated or standing at the ring corners for continuous and standing around the corners for point sparring. Judges are free to move around, provided they do not interfere with other judges.

2. Place hands up in front, palms facing toward the head table, and indicate a bow to the head table.
3. Place hands up in front, palms facing each other, and indicate a bow between competitors.

Calling "Time"

They will then give the command to start and pull their right hand back.

At the conclusion of the final round the center referee will bring the competitors back to their original positions. The center referee will call "JUDGES SCORE," and the corner judges will raise the clicker of the competitor who won the match.
