FUN!

Come join Ebony Boat Club for a fun filled day of water safety activities. Youth will learn water safety techniques and how to respond in emergency water situations. Youth can board the Coast Guard Patrol or San Joaquin County Sheriff's rescue vessels. Take a boat ride on one of the Ebony Boat Club fleet vessels. Learn how to catch and release fish. Following all of the youth activities, enjoy lunch sponsored by the Ebony Boat Club members. We encourage youth in our community to join us. This is guaranteed to be a fun day with many surprises.

Hope to see you there,
