2026 SCHOLARSHIP RECIPIENTS

The Ebony Boat Club awarded the full $1,000 scholarship to the following applicants:

Ava Washington who was sponsored by her grandparents Bill and Roxanne Washington. She will be attending Spelman College this fall majoring in Biochemistry with a 3.7 GPA. Ms. Washington has maintained her 3.5 to 4.0 GPA since she was in the 8th Grade. She has volunteered in her community with the Girl Scouts, the Sandwich Project, Salvation Army and the Red Cross to name a few.

Academically she has attended early admission classes, and attended a camp at the CDC Museum Disease Detective Camp at the David J. Sencer Center for Disease Control Museum Public Health Academy and completed the Soar X Clinical Pre-College summer program at Xavier University of Louisiana. Her plans are to become a doctor.

T'yniah Brown was sponsored by her grandmother Ann Dukes. She will be a Junior continuing her studies at UC Merced majoring in Business administration with an emphasis in management. T'yniah had major surgery in the fall of 2025 but this didn't slow her down. She continued her volunteer work, mentoring, working and taking classes, too.

These young ladies both exemplify what Ebony Boat Club is known for promoting academic achievement, community service and strong leadership skills.

Congratulations to our 2026 Scholarship Recipients.
