

ABOUT US

Gathering After Ashes is a Hard Rock band formed in Northern New Jersey in 2012. Influences from progressive rock, hard rock, alternative, punk and metal results in a supercharged transformation of the standard rock band, with alluring vocal melodies/harmonies and heavy groove with guitar/bass and percussion rhythms at the core of their songs.

Such influences as Black Sabbath, Motley Crue, Guns n' Roses, Metallica, Alice in Chains, Disturbed, Tool/Perfect Circle, Avenged Sevenfold, and the list goes on...have shaped Gathering After Ashes into artists that push the limits of rock music..

Bottom line, these guys are here to rock heavy, hard and in your face!
