Pastoral Ponderings

"I am about to do a new thing; now it springs forth; do you not perceive it? I will make a way in the wilderness and rivers in the desert." Isaiah 43:19

Most people look at calendars and think about the new year starting January 1. It is then, New Year resolutions' are made, new commitments are forged, and new goals are set for individuals and families to reach for in the coming year. However, resolutions are rarely kept, commitments are seldom adhered to, and we fall short of the new goals we have set for ourselves because change just seems too much for us to handle after the holidays.

The Church, on the other hand, looks to a New Year as we enter into the season of Advent. Sometime between late November and early December, we shift our attention to preparing our hearts and souls for the coming Christ, and our Church year is renewed by the birth of Jesus into our lives once again. It is here that the Church catholic renews our focus on the Emanuel (God with us) and begins a new chapter of our lives, as we concentrate on the gift of family and friends around us. However, we quickly move from Advent to Christmas, Epiphany to Lent, and as Easter comes and goes, we are all ready for a Summer break.

As Summer Sabbath and vacations come to an end, Mt. Tabor looks to the start of the school year as a sort of beginning to a New Year, and it is here once again! We look to Christ in our midst and proclaim the good news of God doing a new thing. The beginning of August, a new school year, and a fresh start back into the routines of the faithful at MTLC is always an exciting time around the church, and an invitation for you to restart, renew, and refine your life of faith here in this community.

If you have taken some time off from worship, this is a wonderful time for you to start back and join us for our fall programs at Mt. Tabor. If you have paused your journey of prayer, Bible Study, or generous giving at MTLC, use this time to recommit and reengage yourself in the life of the church. If you used the last few months to rest, now is the time to get back to the wonderful work of ministry in this place.

So, welcome home! Welcome back! Join us for the exciting moment when we see God doing something new with us, in us, and around us for the sake of His kingdom. I cannot wait to see you here. Amen.

Need a thoughtful way to express your
gratitude, love, friendship?

Say it with flowers!

Sign-up for a Sunday before they are all gone. The sign-up
sheet is located in the hall, leading to the side sanctuary door,
by the water fountain!

Positively Fit: Body, Mind and Soul

Positively Fit: Body, Mind and Soul

Body: Chest

Strong chest muscles are important if you are a body builder - they need strong bulging muscles - but chest muscles are just as important for everyone else. When your chest muscles are strong, they help you stand up straight and tall, improve posture, stabilize the shoulder which helps prevent injury, and helps us complete everyday activities. Think about how many times you push or pull a door or cabinet open and shut, or lift groceries or dishes on and off a shelf. Chest muscles are large muscles that we use more often than we think!

Here are a few exercises to keep your chest muscles strong for your everyday chores!

Push-ups—there are 3 ways to perform a push-up: on the floor on your toes, on the floor on your knees or standing a short distance from a wall. Lower your body by bending your elbows and slowly lower and lift your body. Try for 3 sets of 10. You can always start with fewer and work your way up!

Use a resistance band! Place the band around your back at shoulder level, hold the ends of the band in each hand and press your arms out straight. Try for 3 sets of 10.

Use the band in the same way to punch out alternating each side.

These are easy exercises that can be completed at home and will keep you pumping iron!

Mind:

Feeling strong and looking better is a boost of confidence! When we feel good, we have a more positive attitude. When we exercise, our body releases endorphins that give us a good feeling. These exercises can also give you a sense of accomplishment when you have completed your routine. Physical activity itself may improve cognitive function and reduce the risk of cognitive decline. Having strong muscles allows you to do the things that we have to do every day, as well as the things that we want to do for ourselves.

Soul: 1 Corinthians 6:19-20

¹⁹Do you not know that your body is a temple of the Holy Spirit, who is in you, whom you have received from God? You are not your own; ²⁰you were bought at a price. Therefore, honor God with your body.

Photography/Videography: If you prefer that your or your child's image not be published on Mt. Tabor's website or social media pages, please notify the church office. 803.796.5948.

Thank you!

Dear Mt. Tabor Family and Friends,

I want to express my sincere and deep gratitude to all who have visited, written letters and prayed for me during this time of enforced separation. While I have been away I have never felt alone because I could feel the care, concern and support that you - my brothers and sisters in Christ - had for me. God has been with me every step of this journey and has used this time to build my faith in him. I look forward to the time that I may return and once again become a fellow worker with you all in God's Kingdom.

Yours in Christ,
Jimmy Williams
