BUY-IN PROVISION: Any player who has skipped the club level and/or the unit level of qualifying will be assessed a surcharge of \$5.00 per session missed in addition to the established entry fee for the District Final. For the purpose of assessment, a unit final will be considered a two session event regardless of whether or not the player's home unit held a one session event or did not hold a unit final. Skipping a club level game will be assessed as a one session event.

PRE-REGISTRATION FOR CHAMPIONSHIP FLIGHT: All teams wishing to participate in the Championship Flight (over 6,000 MP for any team member) must pre-register with the District Coordinator at least one week prior to the District Finals. If fewer than three teams are participating in this flight, the District Coordinator may designate a site for these teams to play other than at the site of the District Finals. The winner of this match will represent District 15 in the Open Flight at the Nationals.

EVENT PLAYING CONDITIONS: A two session Swiss qualifying will be held on Saturday for flights consisting of five (5) or more teams. The 30 victory point scale will be used in all flights. For flight(s) of four (4) teams, the event will be conducted as a two session round robin, with play concluding on Saturday. For flight(s) of three (3) teams, the event will be conducted as a two session round robin with play concluding on Saturday. For flight(s) of two (2) teams, the event will be conducted as a two session head-to head match with play concluding on Saturday. Each flight will play separately. There will be no subdividing or pooling of teams allowed in any flight. Any flight that plays Swiss qualifying will advance the top four (4) teams for a knockout final on Sunday.

In the event of a tie for fourth place or higher in the Swiss qualifying rounds, the following tie-breakers will be used, in the order stated, to determine the place in question:

- Results in a head-to-head match.
- Best record against common opponents (based on Victory Points).

- A four (4) board match.

All entrants must check in with the Director in Charge no later than fifteen (15) minutes before game time on Saturday.

PLAYER SUBSTITUTION RULES: In the event of an emergency, a team may substitute a player at the District Final subject to the following conditions:

- Unit level "Player Substitution Rules" apply.
- A substitute may play in both days of the District Finals if the emergency warrants such actions. Such occurrences will be handled on a case-by-case basis and must be approved by the District Coordinator.

FOLLOWING THE DISTRICT FINALS:

- No player may be replaced on a team without their consent.
- A winning team must field a minimum of three (3) original members; otherwise the next placing team shall receive the subsidy to compete in the National Event.

TEAM SUBSTITUTION RULES: If a winning team decides for any reason not to participate at the National Event, the team captain must immediately notify the District Coordinator about the team's withdrawal. The captain of the withdrawn team is responsible for ensuring that any subsidy received by the team is returned promptly to the District Coordinator. The second place team from the District 15 Finals will be substituted for the withdrawn team. This process will continue through the (up to) top four finishers in order in the affected Flight until a team wishing to participate in the National Event is found. The second place team (of three) will be the team which lost by the fewest IMPs in the round robin final. The third place team (of four) will be that team which lost by the fewest IMPs in the semifinal matches. If this procedure results in a tie, the third place team will be designated as the team which lost to the Flight champion in the semifinal match. If no team in the top four finishers of the Flight wants to participate in the National Event, no team will be sent by District 15 to the Nationals from that Flight.

If the substituted team wishes to augment their team, they will be encouraged but not required to augment using willing players from the withdrawn team(s) that placed ahead of them in the District final.

AUGMENTATION: After a team has won their Flight at the District level, they may augment their team to a maximum of six (6) members, subject to the following provisions.

- The player(s) must be a member in good standing of the ACBL and a member of District 15.
- The player(s) must meet the eligibility requirements of the Flight involved.
- Subsidies provided the District is for a team of four (4). No additional subsidy will be provided for teams with more than four members

- 4) No player who skips the District 15 GNT Finals to participate in another bridge event may be augmented to a team.
- 5) Any augmented player who has skipped any level of qualifying will be subject to the District 15 buy-in provisions.

STIPEND: District 15 will provide stipends for each team representing our district at the National Finals. The total amount of any stipend will be determined annually by the District Board, based on available funds connected specifically for this event. These funds will be shared equally among the four flights participating at the National Finals. If any team from any flight(s) does not participate in the GNT National finals, their stipend will not be awarded. Any stipend(s) not awarded will be rolled over for use in following years allocations. In the event that a stipend has been paid and a team subsequently decides not to participate at the National GNT Finals, that team is responsible for returning the full amount of the stipend to District 15. The returned stipend will be rolled over as described above.
