TO: ALL PLAN PARTICIPANTS COVERED UNDER THE PHS REPLACEMENT PROGRAM HMO AND PPO MEDICAL AND PRESCRIPTION DRUG PLANS

RE: IMPORTANT NOTICE REGARDING YOUR HEALTH CARE COVERAGE ANNUAL SUMMARY OF BENEFITS COVERAGE FORM

Attached is a copy of the most recent Summary of Benefits Coverage Form outlining the Medical and Prescription Drug Plan benefits in which you are currently enrolled through the MFOW Welfare Benefit Plan and notices prepared by various providers highlighting some of the benefit changes for the year. The summary of changes outlined below, together with the enclosed Summary of Benefits Coverage Forms, constitute the “summary of material modifications” of the benefits provided under the medical plan options described in the Forms. Please keep this summary with your copy of the Summary Plan Description and your Evidence of Coverage.

If you wish to review the Summary of Benefits Coverage Forms for any of the other HMO/PPO plans and/or wish to make a change to one of the other HMO plans available to you, please contact the Welfare Fund Office (415) 986-1028 (240 Second Street, San Francisco, CA 94105). You have until September 30, 2025 to make any changes to your plan selection for an October 1, 2025 effective date. The following is a summary of the major Plan clarifications or changes (note that all benefits are subject to the terms of the plan document and applicable group insurance policy and Evidence of Coverage):

Kaiser Northern and Southern California: Effective October 1, 2025, benefit changes and contract clarifications will be effective on the renewal date.

1. Kaiser will implement coverage for doula services for pregnant women and develop a maternal and infant care services plan.
2. Coverage will be added for in vitro fertilization (IVF) in conjunction with Senate Bill 729. The Department of Managed Care is currently approving Kaiser’s proposed benefits but we have been advised that coverage will include the following services:
 - Services required to diagnose infertility, including laboratory and imaging services
 - Services to treat infertility, including medications, artificial insemination, and in vitro fertilization

Applicable cycle and/or benefit maximums are pending regulatory approval.

Members will have the same cost share for fertility services (such as imaging or lab tests) as they do when they receive those services for other conditions. Deductibles, copayments, and coinsurance for

fertility services will be applied to any out-of-pocket maximums for their benefit plan. Contact Member Services at kp.org/supportcenter or 1-800-464-4000 if you have any questions.

3. Medications prescribed strictly for the purpose of weight loss are generally excluded with one exception. These medications will be covered in the case of an individual who is morbidly obese.

You should refer to your 2025 Benefit Booklet for a complete list of your plan benefits and coverage provisions.

IMPORTANT NOTE TO KAISER EMPLOYEES RESIDING IN NORTHERN CALIFORNIA

You will be receiving a new Kaiser identification card in the mail which you should begin using at Northern California facilities starting October 1, 2025. When you receive your new Kaiser ID card, please destroy your current Kaiser card as the group number for your medical plan has changed from 102126 to 608193. Your medical record number will not change, and your Kaiser benefits will remain the same. If you happen to be in Southern California and need care, you will be able to use your new ID card as a visiting member. Please contact the Welfare Fund Office if you have any questions.

Kaiser Hawaii: Effective October 1, 2025, there are no contract changes for the medical and drug plans however the following two clarifications apply:

1. ***Maternity care postpartum visits.*** Clarify that additional postpartum visits for maternity care are covered when medically necessary.
2. ***Physical, Occupational and Speech Therapy.*** Clarify that therapy services for developmental delay are covered when medically necessary.

For details on your coverage, please refer to your Kaiser Permanente Hawaii's Guide to Your Health Plan that can be obtained from the Plan Office or Kaiser.

Note: the Kaiser Hawaii Dental plan will be terminated October 1, 2025 and replaced with a Blue Shield PPO dental plan. Further details will follow in a separate notice to be mailed in September 2025.

Kaiser Washington: Effective October 1, 2025, there are no substantial benefit changes nor contract clarifications effective on the renewal date.

Health Net HMO and PPO Plans: There will be several plan changes effective October 1, 2025.

1. HealthNet will implement coverage for doula services for pregnant women and develop a maternal and infant care services plan.
2. Coverage will be added for in vitro fertilization (IVF) in conjunction with Senate Bill 729.
 - Services required to diagnose infertility, including laboratory and imaging services
 - Services to treat infertility, including medications, artificial insemination, and in vitro fertilization

Applicable cycle and/or benefit maximums are pending regulatory approval.

Members will have the same cost share for fertility services (such as imaging or lab tests) as they do when they receive those services for other conditions. Deductibles, copayments, and coinsurance for fertility services will be applied to any out-of-pocket maximums for their benefit plan.

Health Net PPO Plan Only

1. Coverage for self-injectable drugs will be provided under the Pharmacy benefit. Currently members pay a 30% coinsurance under the medical plan; there will be the same 30% coinsurance but each fill will be limited to a \$250 maximum copayment.
2. The calendar year out-of-pocket maximum of \$2,000 per individual currently applies to medical expenses only. Effective with the October 1, 2025 renewal, prescription drug out-of-pocket expenses for covered drugs will be added to the \$2,000 maximum out of pocket amount.

You should refer to your 2025 Benefit Booklet for a complete list of your plan benefits and coverage provisions.

Grandfathered Group Health Plans

The MFWO Welfare Fund's Board of Trustees has concluded that the HMOs are "grandfathered health plan" under the Patient Protection and Affordable Care Act (the Affordable Care Act). The HealthNet PPO plan, however, is a non-grandfathered plan. As permitted by the Affordable Care Act, a grandfathered health plan can preserve certain basic health coverage that was already in effect when that law was enacted. Being a grandfathered health plan means that the Plan may not include certain consumer protections of the Affordable Care Act that apply to other plans, for example, the requirement for the provision of preventive health services without any cost sharing. However, grandfathered health plans must comply with certain other consumer protections in the Affordable Care Act, for example, the elimination of certain lifetime limits on benefits.

Although it is a "grandfathered health plan", you should know that the Plan provides health coverage/benefits beyond the "basic" level of benefits and has long maintained many consumer protections now required under the Affordable Care Act. For example, the Plan has always prohibited rescissions of coverage due to a member's health condition as well as exclusions for pre-existing conditions for children and adults. There is also no "waiting period" for benefit eligibility once a member attains initial coverage based on required work hours. Nor does the Plan discriminate in favor of certain members based on compensation, age, gender, or health status.

Questions regarding which protections apply and which protections do not apply to a grandfathered health plan and what might cause a plan to change from grandfathered health plan status can be directed to the plan administrator at (415) 986-1028. You may also contact the Employee Benefits Security Administration, U.S. Department of Labor at (866) 444-3272 or www.dol.gov/ebsa/healthreform. This website has a table summarizing which protections do and do not apply to grandfathered health plans.

The Summary of Benefits and Coverage (SBC) document will help you choose a health [plan](#). The SBC shows you how you and the [plan](#) would share the cost for covered health care services. **NOTE:** Information about the cost of this [plan](#) (called the [premium](#)) will be provided separately. This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage see <https://kp.org/plandocuments> or call 1-800-278-3296 (TTY: 711). For general definitions of common terms, such as [allowed amount](#), [balance billing](#), [coinsurance](#), [copayment](#), [deductible](#), [provider](#), or other underlined terms, see the Glossary. You can view the Glossary at www.healthcare.gov/sbc-glossary/ or call 1-800-278-3296 (TTY: 711) to request a copy.

Important Questions	Answers	Why this Matters:
What is the overall deductible ?	\$0	See the Common Medical Events chart below for your costs for services this plan covers.
Are there services covered before you meet your deductible ?	Not Applicable.	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply.
Are there other deductibles for specific services?	No.	You don't have to meet deductibles for specific services.
What is the out-of-pocket limit for this plan ?	\$1,500 Individual / \$3,000 Family	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan , they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met.
What is not included in the out-of-pocket limit ?	Premiums , health care this plan doesn't cover, and services indicated in chart starting on page 2.	Even though you pay these expenses, they don't count toward the out-of-pocket limit .
Will you pay less if you use a network provider ?	Yes. See www.kp.org or call 1-800-278-3296 (TTY: 711) for a list of network providers .	This plan uses a provider network . You will pay less if you use a provider in the plan's network . You will pay the most if you use an out-of-network provider , and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist ?	Yes, but you may self-refer to certain specialists .	This plan will pay some or all of the costs to see a specialist for covered services but only if you have a referral before you see the specialist .

 All [copayment](#) and [coinsurance](#) costs shown in this chart are after your [deductible](#) has been met, if a [deductible](#) applies.
