FBI FOIPA Addendum

As referenced in our letter responding to your Freedom of Information/Privacy Acts (FOIPA) request, the FBI FOIPA Addendum provides information applicable to your request. Part 1 of the Addendum includes standard responses that apply to all requests. Part 2 includes standard responses that apply to requests for records about individuals to the extent your request seeks the listed information. Part 3 includes general information about FBI records, searches, and programs.

Part 1: The standard responses below apply to all requests:

- (i) **5 U.S.C. § 552(c).** Congress excluded three categories of law enforcement and national security records from the requirements of the FOIPA [5 U.S.C. § 552(c)]. FBI responses are limited to those records subject to the requirements of the FOIPA. Additional information about the FBI and the FOIPA can be found on the www.fbi.gov/foia website.
- (ii) **Intelligence Records.** To the extent your request seeks records of intelligence sources, methods, or activities, the FBI can neither confirm nor deny the existence of records pursuant to FOIA exemptions (b)(1), (b)(3), and as applicable to requests for records about individuals, PA exemption (j)(2) [5 U.S.C. §§ 552/552a (b)(1), (b)(3), and (j)(2)]. The mere acknowledgment of the existence or nonexistence of such records is itself a classified fact protected by FOIA exemption (b)(1) and/or would reveal intelligence sources, methods, or activities protected by exemption (b)(3) [50 USC § 3024(i)(1)]. This is a standard response and should not be read to indicate that any such records do or do not exist.

Part 2: The standard responses below apply to all requests for records on individuals:

- (i) **Requests for Records about any Individual—Watch Lists.** The FBI can neither confirm nor deny the existence of any individual's name on a watch list pursuant to FOIA exemption (b)(7)(E) and PA exemption (j)(2) [5 U.S.C. §§ 552/552a (b)(7)(E), (j)(2)]. This is a standard response and should not be read to indicate that watch list records do or do not exist.
- (ii) **Requests for Records about any Individual—Witness Security Program Records.** The FBI can neither confirm nor deny the existence of records which could identify any participant in the Witness Security Program pursuant to FOIA exemption (b)(3) and PA exemption (j)(2) [5 U.S.C. §§ 552/552a (b)(3), 18 U.S.C. 3521, and (j)(2)]. This is a standard response and should not be read to indicate that such records do or do not exist.
- (iii) **Requests for Records for Incarcerated Individuals.** The FBI can neither confirm nor deny the existence of records which could reasonably be expected to endanger the life or physical safety of any incarcerated individual pursuant to FOIA exemptions (b)(7)(E), (b)(7)(F), and PA exemption (j)(2) [5 U.S.C. §§ 552/552a (b)(7)(E), (b)(7)(F), and (j)(2)]. This is a standard response and should not be read to indicate that such records do or do not exist.

Part 3: General Information:

- (i) **Record Searches.** The Record/Information Dissemination Section (RIDS) searches for reasonably described records by searching systems or locations where responsive records would reasonably be found. A standard search normally consists of a search for main files in the Central Records System (CRS), an extensive system of records consisting of applicant, investigative, intelligence, personnel, administrative, and general files compiled by the FBI per its law enforcement, intelligence, and administrative functions. The CRS spans the entire FBI organization, comprising records of FBI Headquarters, FBI Field Offices, and FBI Legal Attaché Offices (Legats) worldwide; Electronic Surveillance (ELSUR) records are included in the CRS. Unless specifically requested, a standard search does not include references, administrative records of previous FOIPA requests, or civil litigation files. For additional information about our record searches, visit www.fbi.gov/services/information-management/foipa/requesting-fbi-records.
- (ii) **FBI Records.** Founded in 1908, the FBI carries out a dual law enforcement and national security mission. As part of this dual mission, the FBI creates and maintains records on various subjects; however, the FBI does not maintain records on every person, subject, or entity.
- (iii) **Requests for Criminal History Records or Rap Sheets.** The Criminal Justice Information Services (CJIS) Division provides Identity History Summary Checks – often referred to as a criminal history record or rap sheet. These criminal history records are not the same as material in an investigative “FBI file.” An Identity History Summary Check is a listing of information taken from fingerprint cards and documents submitted to the FBI in connection with arrests, federal employment, naturalization, or military service. For a fee, individuals can request a copy of their Identity History Summary Check. Forms and directions can be accessed at www.fbi.gov/about-us/cjis/identity-history-summary-checks. Additionally, requests can be submitted electronically at www.edo.cjis.gov. For additional information, please contact CJIS directly at (304) 625-5590.
- (iv) **National Name Check Program (NNCP).** The mission of NNCP is to analyze and report information in response to name check requests received from federal agencies, for the purpose of protecting the United States from foreign and domestic threats to national security. Please be advised that this is a service provided to other federal agencies. Private Citizens cannot request a name check.

Good day -

The United States has and does operate an illegal classified neurowarfare bioweapon against US persons in violation of 18 U.S.C. § 175-178 and the 1972 Bioweapon Treaty. The use of this banned bioweapon by the United States against its civilian population and the accompanying rights violations and racketeering acts used to fraudulently conceal its use violate the First, Third, Fourth, Fifth, Eighth, Ninth, Thirteenth, and Fourteenth Amendments, federal statutes in Title 10, 18, and 42, and myriad state laws across the United States.

I have personally been subjected to these violations in 44 states and to extraterritorial violations in several allied foreign countries since 1961, as forensically developed since 2021, with definitive links to federal departments and agencies through specific individual identifications of federal appointees, officers, agents, and employees, primarily since September 2023 to the present.

These violations of federal law and regulations are widely known to police powers operations at all levels of government, and to the Departments of Justice and Defense – JAG Corps, which have persistently failed and willfully refused their duty to investigate and prosecute these criminal acts despite repeated direct hand delivered reports and complaints to the US Attorney for the Southern District of New York beginning in late 2021. Mail and electronic delivery to the Secretary of the Army and DOJ headquarters functions, including the Assistant Inspector General for Investigations and other federal personnel and agencies have also been effected. With the exception of a letter from DHS citing an intelligence exemption to a FOIA request, the record is replete with official silence to this durable pattern of criminal violations and rights violations of Title 10, 18, 28, and 42 of the US Code by the federal government.

This matter has been pursued to no avail in federal court civil litigation undertaken, which failures to act are indicative of the complicity of former employees of DOJ who now occupy positions in the district and appellate courts of the United States. The narrative history of these actions can be found at <https://ProjectMindBreaker.org> The legal history is incorporated in NDTX 2:24-cv-0123 and Fifth Circuit 24-10614, currently being litigated through a pending cert petition to the Supreme Court.

It is expected that you will undertake prompt remedial action to correct the illegal acts underway in your respective departments and agencies. These illegal acts have and do adversely impact an unknown total number of US persons as victims over the past more than sixty years of criminal acts and related coverups.

A parallel criminal program operated by Army and CIA known as MKUltra, which ran only one-third as long as this illegal program has operated, murdered one contract researcher in the course of its coverup, and adversely impacted Americans with 100 million doses of secretly administered LSD, with the resultant mayhem, carnage, and homicides left to local police departments and the victims themselves to clean up. See paragraph 9 of NDTX 2:24-cv-0123 for a summary of the MKUltra murder of Frank Olsen, a former Army bioweapon researcher contracted to CIA at the time of his death.

These are not the acts of a federal government – military, intelligence, police powers - engaging in the “common defence” and acting “to secure these rights” as government operating in accordance with its laws and “with the consent of the governed” to protect its citizens. They are the acts of unindicted criminals with badges acting against the people they are sworn to protect in associated-in-fact enterprise patterns of racketeering acts, which are no better than any criminal gang or cartel. These patterns of acts were protected and fraudulently concealed from the American public and justice by prior political appointees operating in secret defiance of US law and of their oath to defend the US Constitution. You must act.

Sincerely,

Dennis Brewer
