Note: Dating app conversations which contain content from Lead Plaintiff which discloses knowledge of corrupt police powers practices are deleted from evidence by claiming a fraudulent member and/or by unmatching once that content has been placed on the record by Lead Plaintiff for purposes of concealment.

Subject:Hinge Notices Removed

231011 at 9am: Hinge notices of dating fraud sent by Hinge which I intended to place in Dating Sites folder in dsbrewer923@hotmail.com were hacked from email account immediately prior to attempt to place those emails in that newly created folder. Appx 4 were removed. These are hacks to remove straight forward correspondence about police powers and intelligence corruption to these matches from my data stream, destruction of evidence. The text of the conversations with these matches is removed from evidence by the dating site's removal of the match from the Hinge system which I access.

Regards,

Dennis
