Dear Mr. Brewer,

This letter is in response to your Freedom of Information Act (FOIA) request dated September 20, 2021. You are requesting copies of contracts, bid inspection visits and site visits at Fort Lewis, Washington, for environmental services between June 1990 and December 1993. Your request is being processed in accordance with Title 5 United States Code 552, The Freedom of Information Act (FOIA). Your FOIA has been assigned case number FA-22-2570 / FP-22-026966.

Please be advised that this office serves as the referral point and oversight office for the Department of the Army Freedom of Information Act entities and is not a repository for documents maintained by the Department of the Army. Requests for information and documents under the purview of the Army are referred to the activity most likely to have responsive records in accordance with Army Regulation 25-55, The Army Freedom of Information Act Program.

After conducting research, we are referring your request to the following activity that might have responsive documents for processing and direct response to you.

Dear Mr. Brewer:

This is in reference to both your original correspondence received in our office on September 27, 2021 and your follow-up request which was received on October 25, 2021. In your request, you would like all records from January 1, 1975 to the present, to include, specific records in reference to the Department of the Air Force, Department of the Army, Department of the Navy and various other departments.

The Defense Counterintelligence and Security Agency (DCSA) maintains a master file of all DCSA conducted investigations only. A search of our systems indicates we have no record under your name and identifying information.

Please be aware that a request for records from another government agency will have to be made to that agency specifically as DCSA does not maintain their information. For your convenience, you may contact the Department of the Air Force, Department of the Army and Department of the Navy at the following addresses:

RE: Privacy Act Request for records related to Dennis Sheldon Brewer [REDACTED]

All records from January 1, 1975 to the present, specifically including, without limitation,

Department of the Air Force: USAF/Boeing Decatur, Alabama Delta IV rocket plant design and construction and involving the Requester's employer, CNA Industrial Engineering, Bellevue, Washington. Any and all investigative records or reports related to Requester from 1990 to 2005, involving Requester as may relate to his family ties to USAF veterans and Officers supporting the USAF Boeing AWACS program. Any and all records of entry to McChord Air Force Base between 1990 to 2005.

Department of the Army: All records from January 1, 1975 to the present, specifically including, without limitation, contracts, bid inspection visits, and site inspections at Fort Lewis, Washington for environmental services between June 1990 and December, 1993.

Department of the Navy: Records dating to 1975 related to any DON contacts with Dennis Sheldon Brewer [REDACTED], including any and all paper and electronic records related to initial effort, including initial application, medical physical, tests, interviews by junior Naval officers, to enroll in the DON AVROC program in about 1975, any investigations, undercover operations, national security operations, and counter-terrorism operations. The Seattle FBI Field Office would be the primary source of original contact with the subject. Naval facilities subject visited, was in close proximity to, and/or worked in, between 1990 and 2002 included Keyport Torpedo Maintenance, Puget Sound Naval Shipyard, NAVFAC offices in Kitsap County, Puget Sound Naval Shipyard & Intermediate Maintenance Facilities (PSNS& IMF), Naval Undersea Warfare Center Keyport (NUWC), Naval Air Station Whidbey Island (NASWI), Naval Station Everett (NSE), Naval Radio Station at Jim Creek, Navy Acoustic Research Detachment (ARD) at Bayview, Idaho, as well as a 2002 Port of Seattle Pier 91 visit to complete an asbestos survey of a decommissioned Navy supply vessel to be used for Navy target practice. I have also visited Rocketdyne Folsom re F-35. My firm, CNA Industrial Engineering, was also involved in reviewing multiple satellite failures on orbit at Hughes Aerospace, potentially involving DON or NSA asset deployment. One incident in 2002 involved placing subject adjacent to an alleged nuclear submarine pump, a very highly classified piece of submarine technology, while the PSNS team touring with me left the area for 10 plus minutes. Subject was then being influenced by other deeply classified technology to lift the tarp covering the object on a pallet covered by a green canvas tarp. This technology has subsequently been used to attempt to modify subject's behavior to, among other things, open passenger aircraft doors during flight operations, assault children, etc.

Multiple Departments: I have also visited Rocketdyne Folsom re F-35 in 2004. My firm, CNA Industrial Engineering, was also involved in reviewing multiple satellite failures on orbit at Hughes Aerospace, potentially involving DON, NRO, and/or NSA space-based asset deployments around 2000-2001.

Defense Counterintelligence and Security Agency: As relates to any and all inquiries above conducted by this agency.

On knowledge and belief, these incidents and projects were national security elements of an FBI plot against the subject which later escalated to counter-terrorism. Recent counter-terrorism operations against the subject in the New York City and northern New Jersey areas have been confirmed by the NYPD. These operations also involve cooperative law enforcement agencies in various states across the US and other countries mentioned above, as well as US agencies involved in monitoring the domestic and international activities, travels, and communications of US persons in and with foreign countries such as China, Russia, Qatar, Israel, the Palestinian territories, etc., such as CIA, State, and/or NSA. Subject attempted to engage in both domestic and international commerce over the past 5 decades. Disruption of family life, commerce, and human autonomy, as well as all aspects of civil and Constitutional rights were experienced as elements of this and related US agencies disrupted subject. Full and complete disclosure of any and all such records in electronic form is requested. Various international visits and communications are covered by a separate FOIPA request to NSA. Subject is indigent, lives on \$1738 social security retirement, and requests waiver of any and all associated fees.

I certify, under penalty of perjury that the foregoing is true and correct. Executed on September 20, 2021.

Dear Mr. Brewer:

This is response to your Privacy Act request dated 20 September 2021 and received in the National Reconnaissance Office (NRO) on 28 September 2021. You are requesting, **"Any and all investigative records or reports related to requester from 1990 to 2005, involving requester as may relate to his family ties to USAF veterans and officers supporting the USAF Boeing AWACS program. Any and all records of entry to McChord Air Force Base between 1990 to 2005."**

We have processed your request in accordance with the Privacy Act and the FOIA, 5 U.S.C. § 552, as amended. After a thorough search of our records and databases for records pertaining to you that would reflect an unclassified or otherwise acknowledged association between you and the NRO, we located no records responsive to your request.

You have the right to appeal this determination to the NRO Appellate Authority, 14675 Lee Road, Chantilly, VA 20151-1715, within 90 days of the above date. You may also submit an appeal electronically through the National FOIA Portal at www.foia.gov or via email to FOIA@nro.mil. Please include an explanation of the reason(s) for your appeal as part of your submission. The FOIA also provides that you may seek dispute resolution for any adverse determination through the NRO FOIA Public Liaison and/or through the Office of Government Information Services (OGIS). Please refer to the OGIS public web page at www.ogis.archive.gov for additional information.

If you have any questions, please call the Requester Service

REF: FOIA Case F-2021-00181
Privacy Case P-2021-00069

Dear Mr. Brewer:

This is in response to your two part request dated 20 September 2021 and received in the National Reconnaissance Office (NRO) on 28 September 2021. Pursuant to the Freedom of Information Act (FOIA) for your FOIA request, you are requesting, **"All records from January 1, 1975 to the present, without limitation, Space Operations: USAF/Boeing Decatur, Alabama Delta IV rocket plant design and construction and involving the requester's employer, CNA Industrial Engineering, Bellevue, Washington."**

For your Privacy Act request, you are requesting, **"Any and all investigative records or reports related to requester from 1990 to 2005, involving requester as may relate to his family ties to USAF veterans and officers supporting the USAF Boeing AWACS program. Any and all records of entry to McChord Air Force Base between 1990 to 2005."**

We have accepted your requests. It will be processed in accordance with the FOIA, 5 U.S.C. § 552, as amended. We will limit our search to NRO-originated records.

Since we may be unable to provide responses within the 20 working days stipulated by the Act, you have the right to consider this a denial and may appeal on this basis to the NRO Appellate Authority, 14675 Lee Road, Chantilly, VA 20151-1715 after the initial 20 working day period has elapsed; doing so, however, would exhaust your administrative appeal rights. To preserve these rights, we recommend that you allow us sufficient time to continue processing your requests and respond as soon as we can. You will then have the right to appeal any denial of information after you receive each final response from us. Unless we hear otherwise from you, we will assume that you agree and will continue processing your FOIA requests on this basis.

The FOIA authorizes federal agencies to assess fees for record services. Based upon the information provided, you have been placed in the "other" category of requesters. Requesters in this category are responsible for the cost of search time exceeding two hours (\$44.00/hour) and reproduction fees (\$.15 per page) exceeding 100 pages. Additional information about fees can be found in the

Department of Defense Fees section of the electronic Code of Federal Regulations (e-cfr) at https://ecfr.io/title-32/se32.2.286_112.

Dear Mr. Brewer,

This is in response to your 8 Dec 21 Freedom of Information Act (FOIA) request. The Air Force Personnel Center (AFPC) received your request via the electronic Public Access Link (E-PAL) on 8 December 21, and assigned case number is 2022-00990-F. Your request seeks releasable information regarding Michael Cunha as follows:

"Confirmation of the status of Michael Cunha (possible alternate spellings). Cunha was a Resident Assistant in Perham Hall, Washington State University, Pullman, WA when I was a sophomore in the 1974-1975 school year. Mr. Cunha was then reputedly in the USAF and bound for medical school to serve as a Doctor of Psychiatry. At the time, it appeared Mr. Cunha was in his early 20s. Mr. Cunha is potentially an important witness in special operations misconduct in the intelligence apparatus of USAF, other DOD elements, and other federal intelligence operations which violate the Constitutional and civil rights of US persons. Requester has no knowledge of any potential deployment location of Mr. Cunha and requests that the search be conducted so as to maximize the possibility of locating Mr. Cunha and confirming period he served in USAF. (Date Range for Record Search: From 09/01/1974 To 12/01/2021)".

AFPC sent you an electronic message on 10 Dec 2021, requesting a response from you by 23 Dec 21. This message concerned additional information from you (**provide Mr. Cunha's SSN and date of birth**) required to clarify and perfect your FOIA request.

AFPC has received your email response but the clarification information was not provided to perfect your FOIA request. Therefore, we are closing your FOIA case, as of the date of this letter, in according with DoDM 5400.07_AFMAN 33-302, Section 6.3b.(6) **Not a Proper FOIA Request for Some Other Reason** which states, "The requester has failed unreasonably to comply with procedural requirements, other than fee-related requirements, imposed by this issuance".

You may contact the Air Force FOIA Public Liaison Officer, Ms. Anh Trinh, at the AF FOIA Public Liaison Office (SAF/CN), 1800 Air Force Pentagon, Washington, DC 20330-1800, usaf.pentagon.saf-cn.mbx.af-foia@mail.mil or 703-614-8500.

Additionally, you may contact the Office of Government Information Services (OGIS) at the National Archives and Records Administration to inquire about the FOIA mediation services they offer. The contact information for OGIS is as follows: Office of Government Information Services, National Archives and Records Administration, 8601 Adelphi Road-OGIS, College Park, Maryland 20740-6001, e-mail at ogis@nara.gov; telephone at (202) 741-5770; toll free at 1-877-684-6448; or facsimile at (202) 741-5769.

Department of Defense Manual 5400.07_AFMAN 33-302 indicates fees be assessed for processing this request; however, fees are not assessed in this instance.

Direct questions to AFPC/DSMIF (FOIA/PA) at afpc.ds1f.foia.pa@us.af.mil or call (210) 565-2751 and reference case number above.

Dear Mr. Brewer:

This letter acknowledges receipt of your Privacy Act (PA) request dated October 05, 2021 and is an interim response. You requested:

- **All DIA investigative records, entry records, and related correspondence, including correspondence (electronic and otherwise) with the FBI and/or elements of the Department of the Navy, related to Requester's visits to Puget Sound Naval Shipyard in the first three calendar quarters of 2002 related to a NAVFAC engineering study and equipment reconfiguration project at the shipyard conducted in the Fall of 2002 by CNA Industrial Engineering, Inc., Bellevue, WA.**

All DIA investigative records and intra-agency and inter-agency correspondence (electronic and otherwise) related to material handling design engineering and supervision of material handling equipment procurement and installation, as related to the design and construction of the Boeing/Air Force Delta IV rocket assembly plant in Decatur, Alabama between June 30, 1995 and its completion and startup by Boeing in 2002. CNA Industrial Engineering Inc was a subcontractor on this project under The Austin Company.

We received your request on October 12, 2021 and assigned it case number PA-00007-2022. Please use this number on all future correspondence with us regarding your request.

We are unable to respond to your request within the statutory 30 days' response period due to one or more of the following reasons, which are defined in the statute as "unusual circumstances": (I) the need to search for and collect the requested records from field facilities or other establishments that are separate from the office processing the request; (II) the need to search for, collect, and appropriately examine a voluminous amount of separate and distinct records which are demanded in a single request; or (III) the need for consultation, which shall be conducted with all practicable speed, with another agency having a substantial interest in the determination of the request or among two or more components of the agency having substantial subject-matter interest therein.

At this stage of processing your request, we cannot provide an estimated date of completion. As analysis and processing of your request continues, a case officer will better be able to provide an estimate, and at that time, we will provide you with a further interim response.

We typically process requests in the order of receipt. Our backlog currently is in excess of 1,900 requests. The time it takes to respond to a request will vary depending on the complexity of the request

and any backlog of requests already pending. If your request is complex, a case officer may contact you to discuss options for expediting your request, including: (I) narrowing the scope or focus of your request or increasing its specificity; (II) specifically describing record(s) you are looking for with additional descriptive details; and (III) including specific event-related information.

We regret that there is currently a substantial delay in processing requests and solicit your patience and understanding. We will process your request as soon as possible. Our FOIA Requester Service Center is available to assist you with any question about the status of your request and any steps you can take to receive a potentially quicker response. For questions, please contact the FOIA Requester Service Center or our FOIA Public Liaison, preferably via email at FOIA1@dodiis.mil, or at [REDACTED] DIA's FOIA website is: <https://www.dia.mil/FOIA>.

Additionally, you may contact the Office of Government Information Services (OGIS) at the National Archives and Records Administration to inquire about the FOIA mediation services that they offer. You may contact OGIS at ogis@nara.gov, toll-free 1-877-684-6448, phone 202-741-5770, fax 202-741-5769, or the following address:

Dear Mr. Brewer,

We have received your Freedom of Information Act (FOIA)/Privacy Act (PA) request submitted to U.S. Special Operations Command (USSOCOM), which is copied below. It has been assigned USSOCOM FOIA 2022-069. Please refer to this number should you have any questions concerning your request.

Your request is being processed in accordance with procedural requirements promulgated in Department of Defense (DoD) Manual 5400.07, which is available on the internet at:

https://na01.safelinks.protection.outlook.com/?url=https%3A%2F%2Fopen.defense.gov%2FPortals%2F23%2FDocuments%2FFOIA%2FFOIA_Resources%2FDoDM%25205400.07.pdf%3Fver%3D2017-03-15-135646-847&data=04%7C01%7C%7C3c10cb5b3a244460ca1708d9cf8765c0%7C84df9e7fe9f640afb435aaaaaaaaaaaa%7C1%7C0%7C637769002710410449%7CUnknown%7CTWFpbGZsb3d8eyJWIjoiMC4wLjAwMDAiLCJQIjoiV2luMzliLCJBTiI6IjEhaWwiLCJXVCi6Mn0%3D%7C3000&sdata=Bhla67sSjgLfWeNdy%2FJR91RM7hSMjdykysWX0Zd4rlg%3D&reserved=0. The actual processing time will depend upon its complexity, whether it involves sensitive records, voluminous records, extensive searches, consultation among DoD components or other agencies, and our administrative workload.

We have placed you in the "all others" fee category, which means you are obligated to pay for all search time beyond two hours and duplication costs after the first 100 pages.

The USSOCOM FOIA Office has a substantial number of pending FOIA cases; therefore, we process requests in a multi-track processing system based on the date of receipt and the amount of work and time involved in processing each request. We estimate the time for completion to be approximately 24-30 months; it could be more or less. If you wish to discuss this or have any other questions or concerns, please contact this office at FOIA@socom.mil.

Regards,

USSOCOM FOIA Team

I Request: Any and all neuroweapons research and/or investigation records, logs, emails, analyses, reports, data files, all of which may be in written or electronic form, may be intragency or interagency, including without limitation, any element of DOD, DOJ, DHS, CIA, which identify me by name or codename, be supplied to me as Requester. These items are elements of a pre-discovery request and may be followed by a US District Court order for production of records if not produced at this time. This request relates to an extensive and durable program of the United States to invade human autonomy through use of neurotechnology to manipulate brain chemistry, neuromuscular activity, and the central nervous system and its receptors, using both ground-based and satellite systems for communications, and, in recent times, commanding these systems using a human interface integrating supercomputing technologies as the command and control mechanism. This technology is a follow-on to programs within CIA known as MKULTRA and related illegal technologies deployed in the United States against USA persons. Further, it relates to abuse of counter-terror operations against US persons using powers granted under the PATRIOT ACT which exceed both Congressional authority to enact and Executive authority to research, develop, and operate against US persons, as abused by FBI, DHS, and others using military assets, such as supercomputing facilities, satellites, and military research and development. Further, requesting a listing of all other federal, state, and local departments and agencies with whom SOCOM elements may have communicated regarding me as Subject/Requester, whether by given name or codename.

Fee Determination: An individual seeking information for personal use and not for commercial use.

Agree to pay all Fees: Yes

Fee Total: 25.00

My qualifications: As a subject of durable abuse under this series of unconstitutional invasions of autonomy and liberty, I am entitled to such information under both FOIA and PA, else under federal court order which will be forthcoming if requested information is not voluntarily produced.

Nature of my Research: Personal research in pursuit of the legal and proper exposure of this technology as illegally applied against US persons in violation of the Constitution and the USC. Indigent as a result of continued repression and violations of constitutional rights. Currently live on \$1738 per month Social Security Retirement as my commercial enterprises and career have been repeatedly destroyed by acts of the United States and its witting and unwitting collaborators.

Purpose of the requested information: Litigation support and future publication.

Means of dissemination to the public: Such information has strong current media interest given its relationship to Havana Syndrome, prior abuses of US persons by the United States (FBI, CIA, DHS, MIL), and its possible use as a medical treatment for various brain related disorders from PTSD to addiction to epilepsy.
