## ZEOFILL INFILL

Premium Zeolite Pet Odor Eliminator

For years there has been a struggle for pet owners to decide if artificial grass is right for their pets. As more and more pets begin to accept artificial turf as their bathroom, their owners have had to resort to watering down and flushing out the urine bacteria from the turf to combat the smell. Many turf manufacturers have made antimicrobial pet turf to resist the bacterial ammonium from adhering to the turf fibers but traditional infill products work against that technology by holding the ammonium from the urine without eliminating or combating the odor.

Unlike other infill products, ZeoFill is made out of zeolite which is 100% natural resource with a negatively charged hexagonal molecular structure that attracts urine like a magnet and prevents the ammonium from forming a gas. Due to its ability to lock in the ammonium, ZeoFill virtually eliminates any foul odors, making this the better choice infill when it comes to pet urine deodorizing.

## SAY GOODBYE TO YOUR HOT AND SMELLY TURF

Locks in and eliminates odors on contact

Cools artificial turf surface temperatures

ZeoFill is completely pet and child safe

100% natural and OHRI listed organic

# PRODUCT TESTING

## HOT ODOR TEST

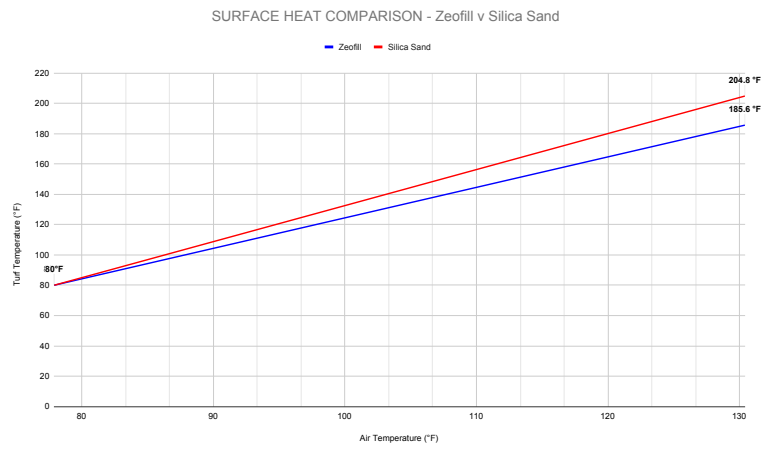

An internal testing method that determines the odor rating on a scale of 1-5 where 5 indicates no noticeable odor and 1 indicates a strong offensive odor.

*ZeoFill Infill Result - 4 | Silica Sand Result - 2*

## SIMULATED HEAT TEST

Artificial turf was filled with ZeoFill and a calibrated temperature probe was positioned approximately 1/4" above the pile yarn height, as to not touch the turf blade, resulting in radiant heat readings emitting slightly above the turf system.

*ZeoFill measured 19.2° F cooler than silica sand infill*

## ZEOFILL USAGE CHART

Square Feet	1 lb / Sq Ft	2 lbs / Sq Ft	3 lbs / Sq Ft	4 lbs / Sq Ft
100	2 Bags	2	6	8
200	4 Bags	8	12	16
300	6 Bags	12	18	24
400	8 Bags	16	24	36
500	10 Bags	20	30	40
600	12 Bags	24	36	48
700	14 Bags	28	42	56
800	16 Bags	32	48	64
900	18 Bags	36	54	72
1000	20 Bags	40	60	80
