JESUS SAID... "WHAT IS IMPOSSIBLE
WITH MAN IS POSSIBLE WITH GOD."

- LUKE 18:27 NIV

BRO. BRENT GIBSON - CANCER FREE!

My Testimony... Cancer Free

A few months ago I went to the doctor's office for some blood work. The doctor said my PSA numbers were low. A month later I went back for more blood tests and the blood tests revealed my PSA numbers had elevated. Once again the doctor did further testing and discovered I had prostate cancer.

The doctor stated the cancer was small and wanted to know if I wanted him to monitor it or do radiation. I said, "Well Doc I'm not trying to sit around and watch no cancer, so let's just go ahead with the radiation treatments." I told the doctor I was not worried because, God's got my back. I did 27 radiation treatments, and through every treatment I believed God. Every Monday the doctor would ask, "Is this happening? Are you experiencing this or that?" My answer was always, No. I thank God that the treatments weren't as bad as they could have been and I didn't go through what the doctor said I should have gone through. During my last treatment the doctor said he was very surprised that I did not experience certain things. I told him, "Doc I told you, God's Got Me, and He used you to help me." Once you're cancer free they ask you to ring a bell. After ringing the bell, two of the saved workers hugged me and said, "God did this!". I kept telling everyone, "GOD'S GOT ME! I truly thank God for my miracle!!

JESUS WINS AGAIN!!!!

MESSAGE FROM BISHOP VANESSA EVERETT

Welcome to All!

Here we are still at the start of the New Year. Thank God! And we are also at a fresh start with the Deliverance Jesus Is Coming Newsletter which is called:

"JESUS WINS AGAIN"

Yes, we're back.

It is God who has kept us and once again commissioned us to share testimonies and words of encouragement and keep you up to date with what's going on at DJICC&A.

We invite you to read, share, and invite others to know "God is moving in miraculous ways in the lives of the saints." We look forward to sharing it with you; don't miss it!

We are back!

+ Vanessa Everett

While I was just a concerned homeowner showing up to monthly meetings in my neighborhood and participating in community events, I was asked to take on the leadership task of a chairwoman for a revitalization project for a small pop-up park that became blighted and dilapidated. I prayed about it and said yes, and because it was during covid19, it took us awhile along with the contractors to complete this project. After much planning and many zoom meetings, on August 16, 2024, we were able to open this newly built community park for children and families! I also received a leadership grant to plan and host events in the park. Upon me completing this great task, of which I am proud, I was offered a position with the Urban League of Essex County as a Community Organizer. I have worked 2-3 jobs at a time over the years. God I thank you!

I'm humbled because I know that it was God that opened these doors of opportunity for me. And I do believe that the race is not given to the swift or strong, but to those who endure to the end. Ecclesiastes 9:11 I know that God is not done with me yet!
