

A DAY'S WORTH OF LEARNING

1

Leadership

Workshop goals, strategies and possibilities with the leadership team

2

Support Staff

Explore ways various business units can benefit from generative AI technologies

5

Families

Guided tour of the jagged frontier of AI in education for parents and families.

Teaching Staff

Teachers can dive deep into practical applications of AI for learning and teaching.

4

Students

Large or small group workshops for students to explore AI tools in context.

3
