EXPERIENCE THE  
DIFFERENCE

## Welcome to Emesa Production Company

Specialising in equipment rental, sales and installation. Emesa Production is one of the Qatar's most experienced and respected professional entertainment industry suppliers, with a rich history.

Conveniently located in Al Gharafa area opposite Al Gharafa Stadium (Thani Bin Jassim Stadium), we provide sound, lighting and giant LED screens, skilled technical crews and complete project/production management as require

### Our Clients

We have a depth of experience in supporting outstanding events that span concert touring, special events, festivals, corporate presentations, awards galas, fashion shows, branding campaigns, launch parties, television shows, theatre productions, conferences and a wide variety of religious gatherings and sporting events.

We are proud to combine high standards of excellence with a friendly approach. We offer quality of service at all levels and, with practical and achievable solutions tailored for projects of all sizes, we remain committed to delivering the best results every time.

### Our Difference

There is no substitute for the personal touch of a truly independent business, especially in the field of live event production. Above all, this is an industry based on human relationships and it is this simple but crucial fact that has always shaped the Emesa character.

We never forget that we exist within a service industry and sharing the benefit of our experience is part of what we do on a daily basis. Having privileged position of being able to assess virtually any situation and give valuable, balanced advice. We like to think this is part of what makes us different.

## Mission

*“Our mission is to delight our customers with quality service and technical excellence. We strive to deliver the highest levels of quality by providing Prompt, Professional and Reliable services. We are committed to promoting a collaborative environment to create mutually beneficial relationships with our customers and business partners”*

At Emesa Production, we work diligently to relate to our clients and understand their overall goals and objectives so that we can deliver professional events and conferences that live up to their expectations. We partner with our clients throughout the entire process ranging from pre-planning logistics, to on-site service and support during the event, and finally to post event follow up to ensure that we are in tune with our clients and their needs every step of the way. We feel that working with a partner you know and trust makes all the difference.

## Vision

*“Our vision is to become an industry leader in the Design and Build of professional Audio Visual Solutions in the Middle East region. We aspire to help our clients realize their business objectives by offering innovative solutions and state-of-the-art technology”*

We constantly redefining our company to meet the changing needs of our clients. As technology continues to improve and expand, Emesa Production is working to stay at the forefront of these new technologies and find meaningful ways to incorporate them into our events for our clients. While others may be comfortable doing the same thing day in and day out, we continues to invest our time and resources to bring better value to our clients through the innovation of both our technologies and incorporating additional services to give our clients a wider range of options. Ultimately we truly believe that our high level of personal service is the driving force behind our past growth and future success.

## Values

*We are responsible, accountable, respectful, effective and efficient AV supplier. We promote honesty, integrity and openness in all we do. We encourage innovation to meet challenges. We foster an environment of collaboration.*

## SOUND

Emesa has been a proud and satisfied user of L Acoustics systems. Without exception, these systems have consistently provided the highest quality of sound and reliability, year on year, on a diverse range of applications from large arenas and outdoor events to the most intimate of gatherings.

Alongside the L Acoustics range, we offer a carefully selected stock of today's most in-demand mixing consoles from brands including Midas, DiGiCo, Avid and Yamaha, as well as leading edge wireless microphone and in-ear monitoring systems.

## Lighting

We instinctively know what it takes to equip and create a light show with maximum impact, using a fine blend of today's best technology and our world-class lighting technicians.

In our warehouse, you will find everything from old school PARs and blinders to the very latest in intelligent LED fixtures. Based on user specification and industry popularity, we carefully select our lighting equipment inventory from the world's most innovative brands. They include Clay Paky, Martin, Robe, SGM, Studio Due, PixelRange and Chroma-Q, with state-of-the-art control from MA Lighting and Avolites.

We manage a large stock of leading brand truss, motors, rigging equipment and ground support, alongside which there is a wide choice of projectors and screens, cycloramas, gauzes, star cloths and other soft goods.

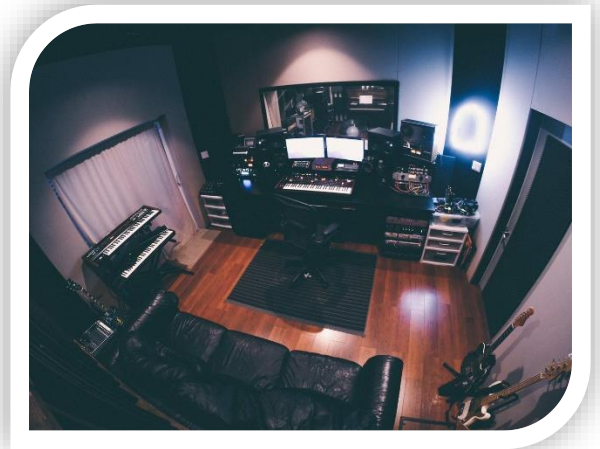

## LED Screens

Emesa Production has a large variety of LED displays screens that can help create nearly any size and shape screen your desire. Our LED display systems are seamless, providing clear and detailed imaging. We have a large range of creative solutions ranging from 0.9mm to 180mm in indoor, outdoor and curvable configurations. Whether you are looking to increase curb appeal, target impulse buyers or simply attract attention, LED is the answer

## Recording Studio

Our philosophy of the approach to sound recording, engineering and producing is very simple. We always aim to provide the best possible conditions for the musician and the sound engineer - all of which come in a sort of package. So you don't have to think about the instruments, outboard effects or the acoustics. Just focus on your ideas and tell us what you are looking for. We are prepared to accommodate the whole process of music production in one place. We do have some sound engineers on board with us; however, you are mostly welcome to bring your own.

## Artists & Celebrities Management

We have a full-fledged Event Management division that provides complete planning, consulting and supervision for both corporate and social events. We provide our clients with spectacular events through creativity and uniqueness based on individual tastes and preferences. Whether the event is corporate or social, we put together themes, design layouts, celebrity management, event formats and décor with the ultimate goal of making your "design-specific" event a most elegant, unique and memorable experiences.

## Musical Instrument Performance

We offer custom-tailored live performances, at the location of your recipient's choice. This live music come in various music genres and styles include Classic, Salon, Vocal, Gypsy, Latin, Jazz or Oriental. Live performance can add stylish to your venue design. Emesa can provide musical live performance to your Business Anniversaries, Openings, Weddings or Private parties to impress your guests.

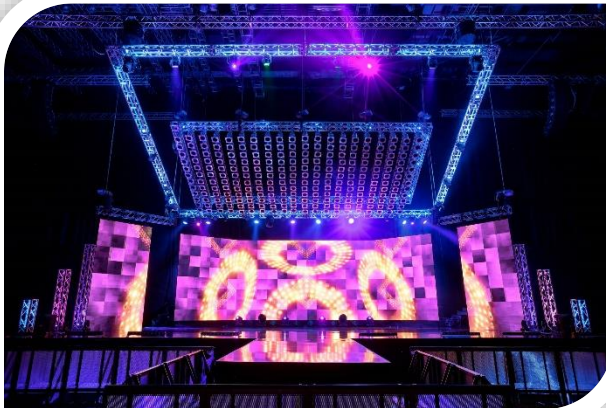

## Dry Hire

When we are not using our high quality, immaculately maintained equipment on a production or leading a job, we make the most of it by renting to others and occasionally make it available for sale.

We are proud to be part of an industry that tends to co-operate to keep the show on the road, regardless of whose show it is. Connect with us for details of our current stock.

## Staging

Delivering an innovative and memorable experience for our client is the primary goal. We create an event that is engaging and enhances your message. Emesa offers a wide selection of stage furniture such as drum risers, keyboard risers, BV risers, DJ riser/tables, lighting trusses, video screens and sound system.

Working with a full-service technical event production company for all of your event staging needs can ensure that each element of your staging including sound, lighting and video are in capable hands.

Our experts can handle every element, from load-in, set-up and operating your event to pulling any necessary permits and getting engineering approvals.

## Help & Advice

We never forget that we exist within a service industry and sharing the benefit of our experience is part of what we do on a daily basis. Having a long experience as an independent lighting and sound production company puts Emesa in the very privileged position of being able to assess virtually any situation and give valuable, balanced advice.

We are happy to assist you. With Emesa, you are in safe hands.

Our experience has given us the opportunity to work on a variety of events for different sectors that have presented unique challenges. From sports events to film festivals, we have collaborated with a wide range of clients and themes to bring the latest audiovisual solutions to life.

Although each project has conjured up its own challenges, we have always faced them head on to deliver the clearest sounds and the brightest visuals.

Take a look at the wide breadth of events that we have participated in throughout the years.
