VI. Required Information and Acknowledgements

Release of Medical Records

In the event that my physician / provider recommends (and I agree to) referral to a specialist, an outside Health Care Center, or other outside medical provider, I hereby authorize Community Medical Clinic to release my medical records as required to the indicated specialty physician, provider and/or the referral health center for the purpose of continuity of care.

I understand that this release does not apply to my behavioral health records, HIV/AIDS status, nor substance (drug, alcohol, etc.) abuse information, if it exists. If there is need for the release of behavioral health records, substance abuse history, or HIV/AIDS status, I will be notified. I will need to complete another Release of Information form specifically granting my consent for such release, if I agree to the records transfer.

I also understand that if I am being referred to a specialist physician or provider, or to a specialty health center, Community Medical Clinic will make the referral to the qualified entity of the patient's choice. If the patient's preferred entity refuses the referral, can't see the patient in a timely manner, or is unavailable, the Community Medical Clinic referral team will seek 'likes specialists' (i.e. physicians, providers, or specialty health centers) to provide care for the patient.

I understand that this release of my medical information is required to facilitate a referral (which is made by my Community Medical Clinic provider and accepted by me) stays in force unless I revoke it in writing to Community Medical Clinic.
