

LINE365

www.ballers365.com

LINE365™ is the patented solution to an age-old softball field prep problem!

Telescoping Function

1. Grip the LINE365 with both hands with the telescoping ring in the middle.

2. Rotate the left hand forward while rotating the right hand backward.

3. Once the two sections are loose, extend to desired length and then twist the opposite way to tighten in place.

Wrapping it Up

Collapse the LINE365 using the technique shown above. Wrap the cord around the pole all the way up. Insert the large nail into the holder from the bottom side and you're good to go!

**Please see reverse side for important safety information*

LINE365

www.ballers365.com

1. Use the LINE365 ruler to find the center of the pitcher's rubber (works with 24" and 18" rubbers.)

2. Tap the LINE365 nail into the spot on the center of the front edge of the pitching rubber

3. Scribe your circle
- STANDING UP!

4. Use your field marker to lay down marking chalk following your scribed circle.
