

FREEDOM+

IN-GLASS PET DOORS

Let Every Family Member Enjoy Your
Monte Verde or Bay View Sliding Patio Door

FREEDOM+

The Ultimate Pet Door

Monte Verde Windows & Doors is proud to offer Freedom+ pet doors for use with Monte Verde and Bay View sliding patio doors. Freedom+ in-glass pet doors are built to serve your pets for the long-term. With a heavy-duty aluminum frame and reinforced frame corners, they are made to withstand the rigors of frequent use over time even with multiple pets. The soft, flexible flap is gentle on your pets while being able to endure years of pounding. When pets enter or exit through the door, a magnetic flap gently seals the door shut. This, along with a specially designed pile weather strip helps form a weather barrier to keep your home comfortable.

FREEDOM+ DOORS are available in white only but may be used on a Monte Verde or Bay View door of any color.

A white powder-coated interior panel made of durable aircraft aluminum is included. The panel slides into the pet door frame and is notched for the sliding finger latch that restricts use of the pet door.

FREEDOM+

— IN-GLASS PET DOORS —

High Performance Low-E Glazing System

THE SCIENCE BEHIND MAXIMUM ENERGY EFFICIENCY AND COMFORT.

Freedom+ in-glass pet doors are designed specifically for use with Monte Verde sliding patio doors – the only doors made with Monte Verde’s High Performance Low-E Glazing System. Every feature of the system is designed to keep your home more comfortable in every season, allowing you to reduce energy costs. Your Freedom+ pet door is installed into your Monte Verde door’s dual pane insulated glass panel. Your pet will enjoy access in and out of your home. You’ll enjoy the most beautiful and energy efficient glass doors available today.

You'll Love What Freedom+ Will Do for You and Your Pets

Your pets can come and go to protect your home, your family and themselves.

You don't have to play doorman every time your pets want in or out.

Pets that can get out to relieve themselves leave fewer messes on your floors.

Pets that can get out to exercise tend to be healthier and happier.

Your pets won't ruin your doors clawing to come in or go out.

Let your pets enjoy the stimulating sights, sounds and smells of the outdoors.

Pets with access to the outdoors present fewer behavior related problems.

Make life better for you and your pets.

Monte Verde Lets You Choose the Pet Door Placement

Unlike other manufacturers, Monte Verde Windows & Doors lets you choose the placement of the Freedom+ pet door in any lower corner of your new Monte Verde or Bay View sliding patio door, including moveable and stationary panels. The proprietary slim-line design also allows you to fully open your sliding door even when the pet door's interior panel is inserted and latched. It's this attention to design and function that makes Freedom+ unlike any other in-glass pet door on the market. Most pet owners choose to have the Freedom+ pet door installed in the lower corner of the stationary door panel farthest away from the moveable door panel. This allows the glass door to be opened with the screen door closed and the pet door unobstructed (as shown in photo). You'll enjoy screened airflow into the home while your pet is still free to come and go. However, if that placement doesn't work in your home, we'll put it in the corner that does. The choice is yours!

Freedom+ Pet Door Placement Options for Monte Verde and Bay View Sliding Patio Doors

FREEDOM+

— 4 Easy Steps to Select the Right Size —

1: WIDTH

Measure the widest part of your pet, the chest or hips. Add two inches.

2: HEIGHT

Measure your pet from the top of the shoulders to the bottom of the chest or belly, whichever is the tallest part. Add two inches.

3: WITHERS

Measure your pet from the top of the shoulders to the floor to determine the rise needed.

Note: Rise is the height from the floor to the bottom of the flap in the pet door. It is the height the pet must step over to enter or exit the pet door.

4: SELECT SIZE

Based on your pet's width, height and withers, select which door flap opening and rise fits your pet's comfort and ease of use.

PET DOOR SIZE CHART					
PET DOOR SIZE	PET WEIGHT	MAXIMUM WITHERS	FLAP OPENING		SAMPLE BREEDS
			WIDTH	HEIGHT	
Small	1 - 15 lbs.	10"	5 1/4"	8 1/8"	Cats, Chihuahuas, Pomeranians, Papillons, Yorkies, Maltese, and Japanese Chins
Medium	1 - 40 lbs.	14"	8 1/4"	12 1/4"	Poodles, Corgis, Dachshunds, Beagles, Pekingese, Shelties, Schnauzers, Cocker Spaniels, and most Terriers
Large	1 - 100 lbs.	21"	10 1/4"	16 1/4"	Labradors, German Shepherds, Golden Retrievers, Boxers, Collies, Setters, Bulldogs, Pointers, and Dobermans
X-Large	12 - 220 lbs.	27"	13 3/4"	23 3/4"	Great Danes, St. Bernards, Rottweilers, Old English Sheepdogs, Newfoundlands, Irish Wolfhounds, and Great Pyrenees

IMPORTANT: Remember to allow for your pet's growth.

WARNING:

This product will not prevent unwanted animals or people including small children from passing through the pet door. When children are present in the home, it is important to consider the pet door during child proofing activities. The pet door may be misused by a child, resulting in the child accessing potential hazards that may be on the other side of the pet door. Purchasers/homeowners with swimming pools should ensure that the pet door is monitored at all times and that the swimming pool has adequate barriers to entry. If a new hazard is created inside or outside of your home which may be accessed through the pet door, Monte Verde and Radio Systems® Corporation recommends that you properly guard access to the hazard or remove the pet door. The closing panel is provided for aesthetic and energy efficiency purposes and is not intended as a security device. It is important for the owner and contractor to consider any risks that may be present inside or outside of the pet door, and any risks that may be created by subsequent changes to your property and how they may relate to the existence and use, including misuse, of the pet door. Monte Verde and Radio Systems Corporation will not be liable for these unintended uses and the purchaser of this product accepts full responsibility for oversight of the opening it creates.
